

# Pupil Acceptable User Agreement

## Acceptable User Agreement

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users.

### For my own personal safety:

- I understand that the school will monitor my use of systems, devices and other digital communications.
- I will keep my username and password safe and secure – I will not share it, nor will I try to use any other person's username and password. I understand that I will not write down or store a password where it is possible that someone may steal it
- I will be aware of "stranger danger", when I am communicating online
- I will not disclose or share personal information about myself or others when online (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details, etc.)
- I will not arrange to meet people off-line that I have communicated with online
- I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it online

### I understand that everyone has equal rights to use technology as a resource and:

- I understand that the school ICT systems and devices are primarily intended for educational use and that I will only use them for personal or recreational use if I have permission
- I will only make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work, if I have permission
- I will only use the school systems or devices for online gaming, internet shopping/e-commerce, file sharing, or video broadcasting (e.g. YouTube), if I have permission of a member of staff to do so.

### I will act as I expect others to act toward me:

- I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and permission.
- I will be polite and responsible when I communicate with others, I will not use strong, aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will not **take** or **share** (distribute) images or videos of anyone without their permission.

### I recognise that the school has a responsibility to maintain the security and integrity of the technology it offers me and to ensure the smooth running of the school:

- I will only use my device(s) in school if I have permission. I understand that, if I do use my device(s) in the school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment
- I understand the risks and will not try to upload, download or access any materials which are illegal or inappropriate or may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering/security systems in place to prevent access to such materials
- I will immediately report any damage or faults involving equipment or software, however this may have happened
- I will only open hyperlinks in emails or attachments to emails, if I know and trust the person/organisation who sent the email, and have no concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)

- I will only install/ store programmes on a device, if I have permission and this software will not impact on the ability to use the device for learning
- I will only use social media sites with permission and at the times that are allowed

**When using the internet for research or recreation, I recognise that:**

- I should ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not download copies (including music and videos)
- When I am using the internet to find information, I should take care to check that the information that I access is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.

**Generative AI (GenAI) is a type of artificial intelligence (AI) that creates new content, such as text, images, videos and music, based on large amounts of existing information. We want you to be able to use AI as a helpful tool for your learning. You must also be aware of the risks of using AI, and the rules you must follow to be a responsible and safe AI user. When using AI in school, I recognise that:**

- I will only use AI tools that my school or teacher has approved, and only for learning.
- I will make sure all work I submit is genuinely my own, and I will not use AI to cheat, deceive, or pretend AI-generated work is human-made. If it is AI generated, I will acknowledge any AI use and reference its source.
- I will remember that AI can be unreliable, biased, or incorrect, and I will double-check any information it gives me using trusted sources.
- I will not share or forward AI-generated information unless I know it is accurate, appropriate, and safe.
- I will not enter personal information, images, documents, or sensitive details—mine or anyone else's—into AI tools, because they may store or learn from what I upload.
- I will use AI ethically: being fair, honest, respectful, and aware of the impact my choices can have on others.
- I will not use AI to create or share harmful, offensive, inappropriate, misleading, or illegal content, including misinformation, disinformation, or material that breaks copyright.
- I will not use AI to imitate or misrepresent myself or another person.
- I will not rely on AI for personal, emotional, or wellbeing advice and I will speak to a trusted adult if I need support.
- I will report any worrying, unsafe, or harmful AI content to a member of staff straight away.

**I understand that I am responsible for my actions, both in and out of school:**

- I understand that the school also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of school and where they involve my membership of the school community (examples would be cyber-bullying, use of images or personal information).
- I understand that if I fail to comply with this Acceptable User Agreement, I will be subject to disciplinary action. This may include loss of access to the school network / internet, detentions, suspensions, contact with parents and in the event of illegal activities involvement of the police.

Please complete the sections below to show that you have read, understood and agree to the rules outlined. If you do not sign and return this agreement, access will not be granted to school systems and devices.

I have read and understand the above and agree to follow these guidelines when:

- I use the school ICT systems and devices (both in and out of school)
- I use my own devices in school when allowed
- I use my own equipment out of school in a way that is related to me being a member of this school e.g. communicating with other members of the school, accessing school email, website etc.
