CONTROLLING YOUR CHILD'S IPAD WITH JAMF PARENT

Jamf Parent: Set up guide

1. Search and install “Jamf Parent” from the app store for your personal device.

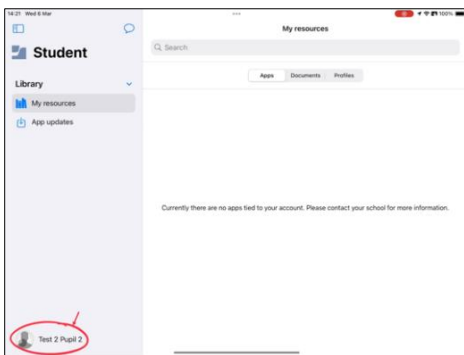

2. Open Jamf Student on your child’s iPad:

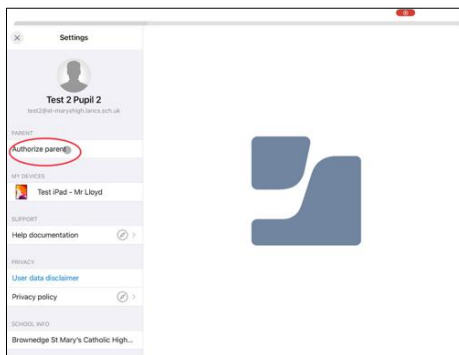

Accept user agreement policy and enable Bluetooth, location and notification services.

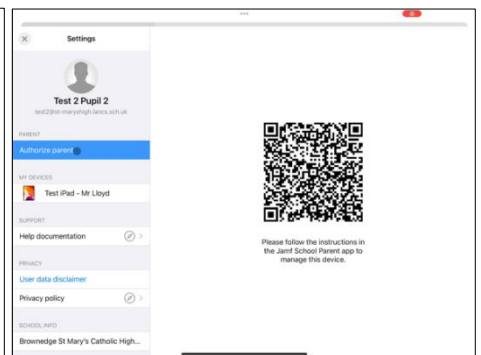

Tap the face icon in the bottom left corner of the screen. Tap ‘Authorize parent’.

Tap the pupil name in the bottom left corner.

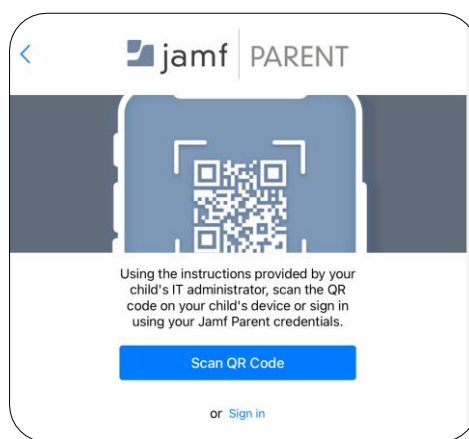

Tap ‘Authorize parent’.

Tap ‘Authorize parent’.

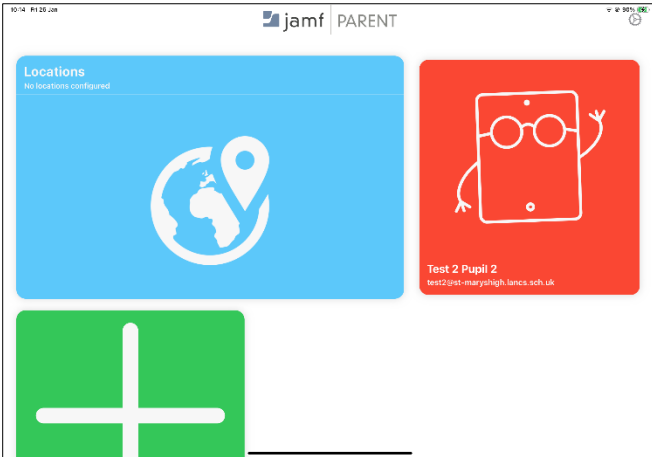

3. Open Jamf Parent on your device and accept user agreement policy and enable Bluetooth, location and notification services.

Select ‘Get Started’ and then ‘Scan QR code’. Scan the QR code displayed on your child’s iPad.

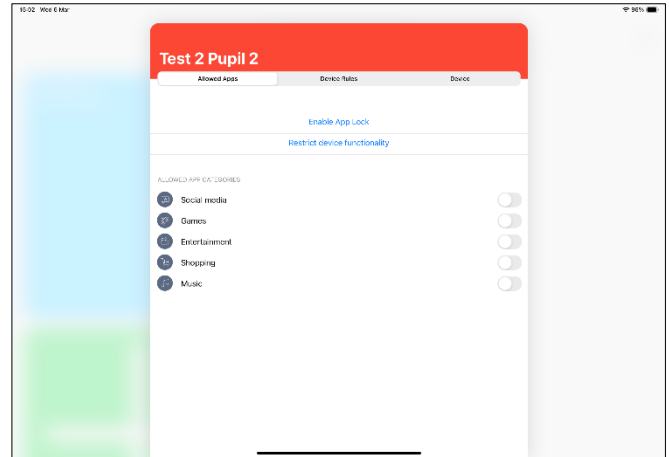

The link between the devices is now established and you are able to control your child’s iPad from your device.

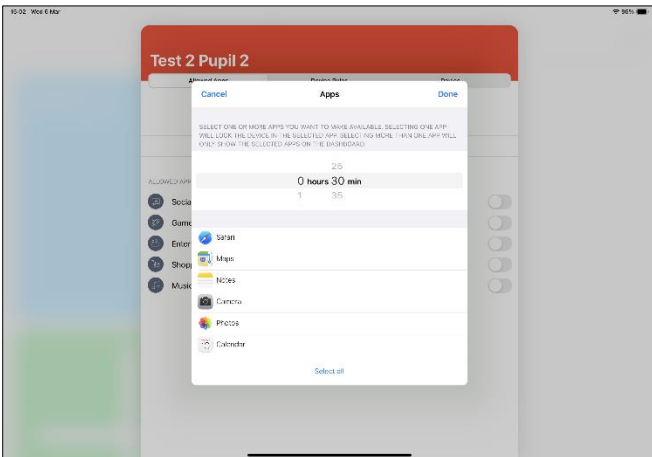

Jamf Parent: User guide

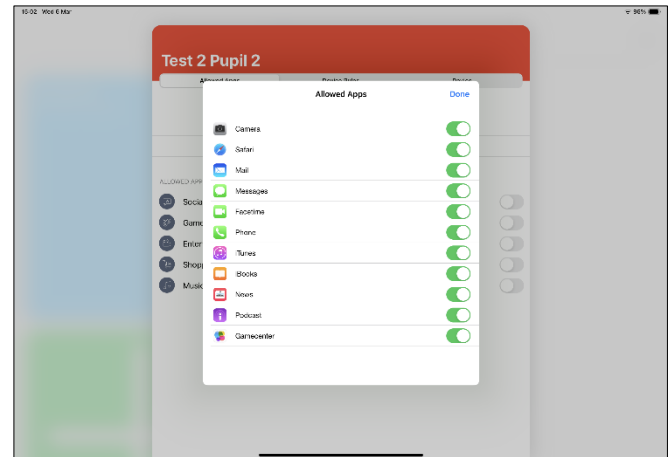

With the link between devices established, tap on the device you wish to control to view options available.

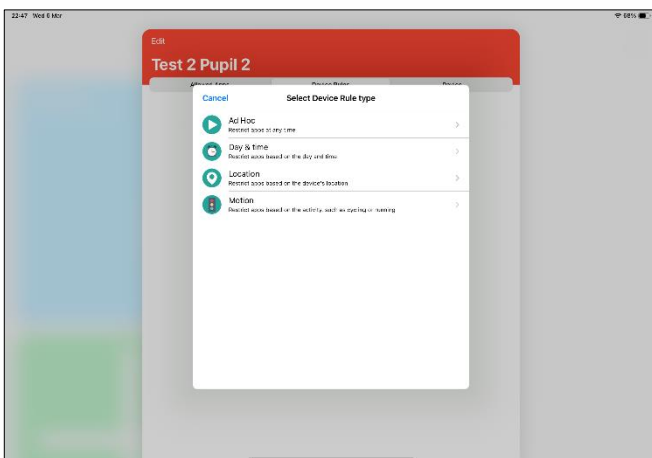

On this first tab you can 'Enable app lock', 'restrict device functionality' and turn on/off specific app categories such as social media.

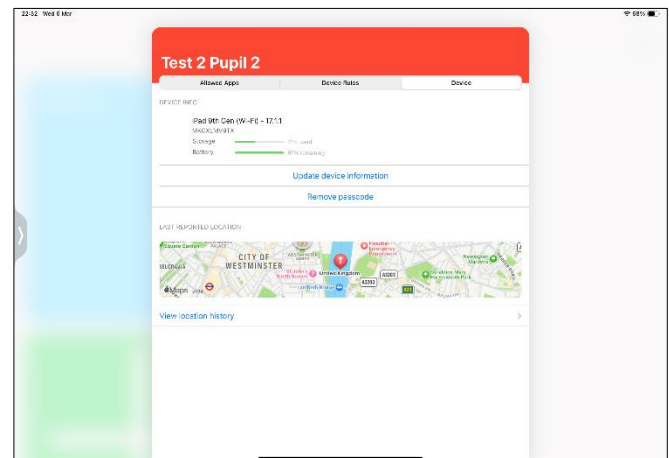

Choosing 'enable app lock' allows you to select the apps you would like to make available and determine how long you would like the restrictions to apply.

Selecting "restrict device functionality" will allow you turn on/off specific device functions such as the camera and web browser.

Choosing 'Device Rules' tab at the top will allow you to set up more advanced rules that can be triggered by the tap of a button or scheduled to run specific days/times.

Selecting the "Device" tab at the top will allow you to view storage capacity and battery level. The option to remove the device passcode is also available here.

To **OPT-IN** to use Jamf Parent, please scan the QR Code below and complete the form.

(or go to <https://forms.office.com/e/im4ca9cYn4>)

For more detailed step-by-step instructions on how to use the features in Jamf Parent to manage your child's school-issued device, Scan the QR code below or go to:
