Tuesday 20<sup>th</sup> April 2021

Dear Parents and Carers,

**Build Your Legend – Online Safety at home**

As a school, we have worked with Google and they have provided every child in KS2 with an Internet Safety Challenge to complete at home. The challenge includes interactive learning and challenges for your child to complete at home to become an Internet Legend and to stay safe online.

We would strongly encourage parents and carers to engage with the activity with your child as your child may have questions to ask about staying safe online. We would love to see your finished Legends, which can be posted onto Twitter, or you could send a photo to your class teacher via Class dojo.

Your child will bring their challenge box home on Wednesday 21<sup>st</sup> April 2021.

Yours sincerely,

**Miss P Hillman**  
Principal
