

Buckingham Primary Academy Foundation Stage

Literacy

In literacy we will be looking at the Power of Reading text *Bedtime for Monsters* by Ed Vere alongside stories by our class author Julia Donaldson. We will be learning about the structure of a story, developing our knowledge of characters and deepening our understanding of the world around us. We will be applying our phonic knowledge to read and write words, captions and sentences.

Number

In maths we will be continuing to develop our knowledge and understanding of number. We will be exploring numbers to ten and then onto twenty whilst exploring different ways to represent amounts and quantities.

Shape, Space and Measure

We will be learning about time including our daily routines both at school and at home. We will be sequencing the days of the week, bedtime routines and exploring time.

Understanding the World

Linked to our Power of Reading text *Bedtime for Monsters*, we will be learning about the life beyond planet Earth. As scientists we will be exploring the solar system and different planets. We will be making links and comparisons between life in Hull, life on Earth and finding out if monsters really do exist.

Do monsters and aliens really exist?

Communication and Language

We will be focusing on developing our spoken language skills, asking questions and answering in full sentences. We will be challenging ourselves to use *and* and *because* in our conversations.

PSED

We will be focusing on making relationships and managing our feelings and behaviours linked to Jigsaw. We will be celebrating our similarities and differences as we learn about our wider school community.

Physical Development

As we transition from Autumn to Winter we will be looking at seasonal changes and the ways in which we can look after ourselves. We will be focusing on dressing ourselves and ensuring we are wrapped up warm when we go outside.

Homework Challenge

- Nursery rhymes to share and enjoy at home.
- Design and construct an alien.

EAD

As artists we will be using junk modelling to design, build and construct. We will be using a variety of different media to create our own planets, aliens and monsters. We will also be looking at the role of an artist and how artists have different styles. In the small world and role play areas we will be developing our imaginations.
