

Buckingham Primary Academy

Online Safety Policy

COVID-19 Addition

To be read in conjunction with the Online Safety Policy
available on the school website, paper copies available from the school
office

www.buckinghamprimaryacademy.net

June 2020

As a result of COVID-19 a 'Welcome to FS2' meeting will take place between representatives of the school, parents & pupils via Microsoft Teams.

Email addresses will be created for each pupil anticipated to start at Buckingham Primary Academy in September 2020.

These email addresses will then be issued to parents along with instructions to access Microsoft Teams from home.

The intended purpose of the creation of these emails is to allow access to a scheduled Microsoft Teams Meeting and as such any subsequent content will be monitored regularly and the audience reviewed in September to ensure that only those pupils who actually start at Buckingham Primary Academy will have access to the system moving forward.

This policy addition may be subject to change at any time and any revisions will be published on the school website.

By attending the scheduled Microsoft Teams Meeting and/ or any potential subsequent Microsoft Teams Meetings, Parents and/ or pupils acknowledge their understanding and agreement to the Online Safety Policy, the Online Safety Policy COVID-19 Addition and the Acceptable Use Policy/ Agreement as included in the Pupil Admission Pack.
