Dear Parents,

Chromebooks for Learning Project – Year 7

We are pleased to inform you that we are now in a position to begin the distribution process of Chromebooks to Year 7 students. Many thanks to all of you who have signed up to the scheme and if you are yet to do so please can you contact the Academy at your earliest convenience.

We will provide start up training for the students so that they can use their Chromebooks in school and this will take place (all being well) on Friday. As part of the handout, students will receive their Google Classroom, ClassCharts and email logon details. Part of the training will be to explain our expectations of acceptable use of the Chromebook in school and at home.

Bearing in mind that students will be placing the Chromebooks in their bags to bring them home, students will need to bring their case to school to protect the device. If you haven't already, you may wish to purchase a case or sleeve to protect the Chromebook. If you do choose to purchase a case, you will need one which fits a 11.6-inch screen and is compatible with a Chromebook. Students should also have their headphones with them in school to enable them to watch video clips for example, if required, without disturbing others in the room.

Please note that students will be bringing their Chromebooks and charging cables home. The boxes that the Chromebooks arrived in need to be retained by us in case there are any issues that will necessitate us returning the to the manufacturer.

For those students who have their own Chromebook and who have paid for the management software to be installed, they need to bring their device to school and give it to the school office on Friday 16 September. The owner will be recorded, they will be securely stored, the software applied and they can then be collected from the office at the end of the day.

If you have any further questions, please contact us using the email address below:

enquiries@burscoughprioryacademy.org

Yours faithfully,

C Lyons
