

West Lancashire College Admissions Update

Admissions Update

We continue to receive applications from pupils and liaise with those who have already applied. The Admissions team can call pupils who require additional reassurance (we have had many pupils who have needed this) and also speak to parents who have any concerns. If you have any pupils who require information, we are here to help – admissions@westlancs.ac.uk

Once we have received the enquiry we can schedule a call with an adviser to talk through any concerns or just to provide more information about courses and careers. In addition to the requested calls, Jake in our School Liaison Team has a regular session on a Wednesday afternoon where he is calling pupils to reassure them and answer any questions they may have about their transition to college.

Summer Activity Home Challenge Packs

We are delighted that so many pupils have been contacting us to request activities they can complete to prepare them for starting their courses. Activity packs are being emailed out to pupils with a text being sent to check their emails. They are also being uploaded to the applicant pages on our website.

A number of pupils do not have a current email address. Please can you advise them to set one up asap. This will help us to ensure they get all the information they need as we are all working remotely.

FREE Resource Career Coach

Career Coach is an online tool that pupils can use from home to explore careers that match their strengths. Year 9 and 10 pupils would find this really useful.

Career Coach Link <https://westlancs.emsicc.com/>

Click on the link or copy and paste into your web browser.

With Careers Coach Pupils can

Browse Careers

Browse or search for careers and Career Coach will give relevant data on wages, employment, and the training needed.

Browse Courses

Browse or search for some of courses that lead to the career ambition.

Build a CV

The CV Builder allows pupils to work on their CV and even sets it out. They can save their CV to their own device and update it at any time.

West Lancashire College Admissions Update

A message from our Support Team

Our support team have put together some FAQs for pupils who may have questions about progressing to college.

This is available on the applicant page of our website.
