

SPORTS DAY- 2026

A gloriously sunny Wednesday 15th July set the stage for our biggest, most ambitious Sports Day yet and our students certainly rose to the challenge.

For the first time ever, all students were off timetable for the entire day taking part in a host of activities with each house battling against the other. There were 12 events on offer, with each team taking on 8 with activities designed to test students running, jumping, throwing, teamwork, strategy and strength.

Firm favourites such as Capture the Flag, Tug of War and the Sprint Relay were joined by some new events like Dodgeball, Big Skipping, Rounders and a Sports Quiz. With our sights always set on being as inclusive and enjoyable for all, there were plenty of ways for students to excel physically, strategically and personally. Watching students take on different responsibilities as role models, leaders, team players and cheerleaders for their houses was incredible to see and students' fantastic attitudes were a highlight of the day.

As always, Sports Day culminated in two things after lunch; the whole school races on the field and the staff tug of war!

With the final points of the day up for grabs, students competed for their house in the 100m finals or the 4 x 100m relay. There were some blisteringly quick races, most notably the Y10 boys 100m final and the Y7 girls relay. Students not racing took shade under the army of gazebos and cheered on their houses and the staff tug of war (won by Turing and Yousafzai) from the sidelines.

We had an amazing day and look forward to doing it all again next year- well done everyone!

RESULTS

When all of the points for the day were added up the overall winners for the second-year running were.....

Turing House!

A special mention to the teams below who were the highest scoring houses and teams per year;

Best House Per Year	Best individual Team per year
Year 7- Turing	Yousafzai 3 & Turing 3
Year 8- Yousafzai	Yousafzai 2
Year 9- Attenborough	Attenborough 2
