

Bringing Our Community Together Through Sport - Promoting Local Wellbeing

Community Unity Through Sports is an exciting new initiative at BVPS, aiming to create a safe and welcoming space for people of all ages to get active together. With activities ranging from intergenerational fitness sessions and pickle ball to family-friendly sporting events, the project hopes to boost physical activity, strengthen community bonds, and offer something for everyone in our

neighbourhood. We are currently awaiting news about grant funding to help make this project a reality - join us in making our local area healthier, happier, and more connected!

It Takes a Village To Raise a Child...

- Do you have a career, profession, or hobby that you could talk to the children about?
- Do you have an hour a week to listen to the children read?
- Do you have a passion to support and oversee the school's strategic direction? BVPS is seeking new governors.

All volunteer roles are subject to enhanced DBS checks, application, induction, and training provided.

Volunteers Needed!

Community Connections

Summer Edition - July 2025

WELCOME FROM BVPS!

We are delighted to share this term's community connections newsletter, since our last edition we have had several exciting opportunities for our school and the wider community.

This term, our Year 6 children were keen to be involved sharing news from throughout the school and some of their special memories as they prepare to move to High School. Also included in this edition - Community Unity Through Sports Project, our 2-year-old nursery, an invite to ANNIE Jr. and an appeal for anyone who might be able to offer their expertise to the children and staff at BVPS.

You can contact the school using a dedicated email or follow the school on one of social media platforms - community@burscough-pri.lancs.sch.uk

www.bvprimary.co.uk

We continue to work on the plans for introduction a new 2-year-old nursery at Burscough Village Primary School, made possible by a £150,000 grant from the Department for Education.

This represents a wonderful opportunity for local families, strengthening the fabric of our

community and investing in the future of our children. By providing high-quality early education and inclusive childcare, the school is helping to give every child the best possible start in life. This not only benefits young learners today, but also lays a strong foundation for the next generation, supporting the growth, wellbeing, and long-term prosperity of Burscough for years to come.

This year's leavers production is...**Annie Jr!** We are all working exceptionally hard to produce this performance with the help of Year 3-5.

Some of our favourite songs so far consist of: Well-Known tune Hard Knock Life, world-wide masterpiece tomorrow sung by our incredible Annie: Lowenna Millbanks and vocal phenomenon Easy street sang by our amazing Rooster, Lily and Miss Hannigan!

We spoke to many members of the cast and this is what they had to say: Madison, who is playing Pepper, says, *"I am so proud of the entire cast and I think that the show will be amazing!"*

Keelan, who is playing Mr. Warbucks, says, *"I got the role that I wanted and I am very happy to be part of the show!"*

Elena and Darcy, our incredible ensemble dancers, said, *"We love learning all of the dances in the show and we are so excited to see how it turns out!"*

Our remarkable director, Miss Waring, said, *"This show will be unmissable! It is truly worthy of a Tony Award with its West End and Broadway standard; Year 6 are truly natural performers!"*

We are very proud of our work so far and with the help of our amazing director and choreographers, we can really start to see the show coming along!

We would love to invite you to the performance on Thursday 10th July, please contact the school to be placed on our guest list.

We hope to see you there!

Yours sincerely,

Emily, Lowenna, Amy, Elliot
