

Geography Curriculum Plan

| | Autumn | | Spring | | Summer | |
|------------------|---|--|---|---------------------------------|--|---|
| Nursery | Throughout the EYFS, children have many opportunities to develop their geography skills. The curriculum is built around Development Matters Understanding the World and Key Learning is linked to geographical Development. <ul style="list-style-type: none"> • Draw information from a simple map. • Understand that some places are special to members of their community. • Recognise some similarities and differences between life in this country and life in other countries. • Explore the natural world around them. • Describe what they see, hear and feel whilst outside. • Recognise some environments that are different from the one in which they live. • Understand the effect of changing seasons on the natural world around them. ELG: The Natural World Children at the expected level of development will: - Explore the natural world around them, making observations and drawing pictures of animals and plants. - Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class. - Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter. | | | | | |
| Reception | | | | | | |
