A Note From Mrs Jameson

Science has been the focus of the week at Burton Agnes as we launched our British Science Fortnight. We had the most amazing experience on Tuesday when Harry from Science Boffins came to visit us. He talked to us about all things science and carried out some spectacular experiments that amazed us all. The theme of British Science Week is 'time'. In Class 1 this week we have travelled back in time and become paleontologists, finding out about dinosaurs. In Class 2 the children have travelled back in time too, learning about great explorers and the science behind their survival. Class 3 and 4 have looked at time in a different way and explored different devices to measure time and also explored the science of the future. We have more exciting science next week too. Thank you again to FOBAS for funding our Science Boffins day.

Friday News

World Book Day

A great day was had by all yesterday as the whole school came together to share a love of books and reading. Not only did we have a fun wearing our pyjamas or dressing up as characters from a wide range of stories and non-fiction books, we also enjoyed activities during the day that linked to books and reading. We enjoyed pairing up with children from other year groups to share a good book. As you know, the School Council were keen to raise money for ‘children with cancer’ on this day. Your kindness was just incredible and the School Council are thrilled that we raised £112.50. Thank you for all of your efforts in creating fabulous costumes and raising this amount of money.

Parents Evening

It was wonderful to see so many parents last night in school for Parents Evening. We hope that you found the time with your child's class teacher useful and informative and that you enjoyed looking at your child's work and progress. We really appreciate this time with you as we know that working in partnership with you ensures the very best outcomes for your children. Over the next few days we will be sending out our annual parents and carers survey. We would appreciate you taking the time to fill this out so that we can use this feedback to find out what is going well and what we can do to make our special little school, even better.
