A note from Mrs. Jameson

I hope that this weeks news letter finds everyone in our Burton Agnes family healthy and well. This was not the Spring term that we had planned and we are all really looking forward to when we can all come back together. Hopefully it wont be too long now.

Please can I take the opportunity to thank you all for your hard work and support this half term. I understand that the task of home learning is not an easy one, particularly if you are also juggling work at the same time, but you have all done such a great job and parents and children alike should feel very proud of themselves. I would also like to thank the staff in school for their support and hard work. They have worked very hard also to ensure that the home learning package we have provided you with this lockdown has been accessible and supportive and ensured, through live sessions, that learning has continued. It is never going to be ideal and is never going to meet the needs of everyone but if you do have any comments about it, positive or negative please feel free to let me know.

Next week is half term and hopefully this will all give you the chance to step back and relax a little. The weather forecast looks good and looks as though it might be a little bit warmer too, so please try and enjoy time away from screens and enjoy each others company outdoors whilst observing the lockdown rules

February Half-Term

We very much hope that all of the children and staff remain well over the holidays. However, if a member of staff or pupil currently attending school tests positive for coronavirus during the February Half-Term, we will continue to assist with contact tracing as explained below:

- · If a pupil tests positive for coronavirus, having developed symptoms more than 48 hours since being in school, the school does not need to be contacted until the first day of the new half-term. Parents and carers should follow contact tracing instructions provided by NHS Test and Trace.
- · However, if a pupil tests positive for coronavirus having developed symptoms within 48 hours of being in school, the school will assist in identifying close contacts and advising self-isolation.

Please contact Mrs Jameson on burtonagnes.head.primary@eastriding.gov.uk

Keeping Safe Online

Last week in the newsletter, we reminded you about the importance of staying safe on line, particularly when we are relying on it for many different reasons at the moment. This week we have attached to the newsletter a really useful document with lots of information to support you to keep your child safe online. It definitely worth a read.

Enjoying the great outdoors!

This week we finally got to see some snow. Many thanks to everyone for their support on Tuesday when school was closed. We try wherever possible to keep school open when the weather is snowy but with many staff not living in close proximity to school we did not have enough bodies to safely open school. It was lovely to see that so many of you were able to get outside and enjoy it.

STAY HOME SAVE LIVES

If you have to leave your home to exercise remember:

Find out more at gov.uk/coronavirus

STAY HOME > PROTECT THE NHS > SAVE LIVES

Have a lovely half term break

Take care and stay safe

See you back in school or online on Monday 22nd February
