A Note from Mrs Jameson

It's been a very busy and exciting week at Burton Agnes. The children have been fully immersed in all things scientific. We have had visitors in school all week helping us to explore and appreciate different aspects of science.

Mrs Lee Snr has been in school working with the children to explore structures. Making houses for fairy tale character and building bridges to support things, the children have developed a real appreciation of the skills involved in engineering.

On Wednesday Mrs Stevens from Driffild school worked with the children to develop a parachute system that would stop an egg cracking when it fell to the ground. The children learnt about forces and materials whilst having lots of scientific fun. Yesterday we were joined by staff from Bridlington Sports College who provided the children in KS2 with some exciting science activities linked to static electricity.

Today has been an extra busy day as we have had our Open Day. It has been lovely to see so many visitors getting stuck in with the wide variety of science activities happening in school.

Thank you all for taking the time to come in and being part of our Science Week. A huge thankyou to all of the staff for their scientific efforts and an extra special thank you to Mrs Lee our Science co-ordinator who has worked hard to put this fantastic week together for the children.

I am really proud of the fact that science is a big part of our school curriculum throughout the year. Science week is just a special added extra.

Comments from the children include....

"all of the visitors have taught us that there are so many different things that make up science"
Travis

"I enjoyed Boffin Caroline when she made the water in the cups

disappear" Betsy J

Tuesday 20th March	Sports relief wear sports kit Class 2 visit to Hornsea Museum
Friday 23rd March	Church service 1.30 followed by egg tombola back at school School closes for Easter
Monday 9th April	School opens.

Sporting News

Last Wednesday Bethan, Sophie, Cole, Cam, Molly, Alice, Frank and James took part in the Cluster Rugby Tournament at Driffield Rugby Club. The children really got stuck in and came eighth in the competition. Mrs Kemp and Mrs Young who went along to supervise said the team showed grit and determination and got better as the tournament went on. Well done team!

On Saturday morning children in KS1 took part in a Cross Country Running Competition at Driffield Junior School. The results were amazing. Well done to Lara (1st), Maisie (3rd), Seren (4th), Lottie (5th), Edward (3rd) and James (8th). We have some talented runners .

All Stars Cricket

Yesterday afternoon the children in Class 1 and 2 took part in some Cricket Training delivered by All Stars Cricket. The children enjoyed playing games that helped develop skills used in cricket. Your child should have come home with a leaflet signposting you to where you can take part in more All Star Cricket Sessions in Driffield and Bridlington. Log on to allstarscricket.co.uk for more details. Many of our children signed up last year and had a great time.

Mambo Jambo

The carnival was in town—well Nafferton—on Wednesday afternoon as the Children in class 4 joined up with children from Kilham and Nafferton to perform their Mambo Jambo music that they have been working on. The project, sponsored by the schools music service, allowed children to develop their skills of pitch and tone whilst allowing them the opportunity to perform on a wider scale with other children in the area. Thank you if you were able to come along and be part of the audience. It was a great experience for all.

Dinner Money

Please can we have any outstanding dinner money paid by WEDNESDAY as it needs to be banked for Easter. Thank you

Today we say goodbye to Mr Cathay who has been working in Class 4 this term on his final year teaching practise. We have enjoyed having Mr Cathay in school. He is a talented teacher and we wish him lots of luck for the future.
