A Note from Mrs Jameson

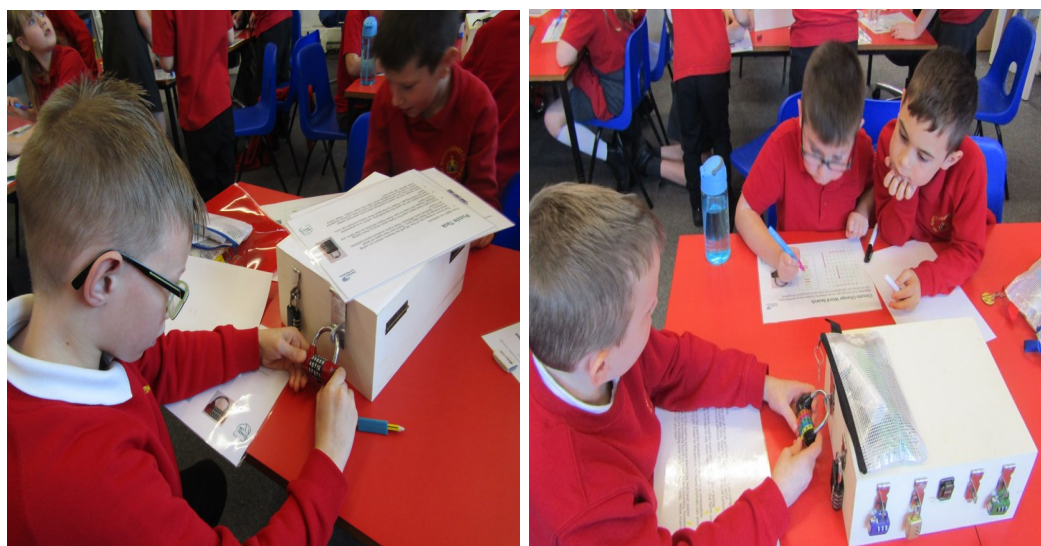

Its been another busy week this week with lots of enrichment activities taking place, both in and out of school, to strengthen our curriculum offer.

This week we have been visited by Dave Rockett, who is a science, technology, engineering and maths (STEM) Ambassador for Northern Gas Networks. Mr Rockett is super enthusiastic about delivering fun and engaging sessions about Net Zero and helping to spread awareness about the challenges we face, and possible solutions.

Class 4 learnt all about cleaner fuel for cars. Firstly they learnt about how green hydrogen can be produced (electrolysis). They then got the opportunity to work with model cars that are powered using hydrogen in a fuel cell and carried out an investigation to see what affects the running time of the hydrogen cars.

The children in Class 3 were challenged to the max by answering questions about net zero, climate change and future energy. Each time they got an answer right they were given a code which unlocked padlocks on a box they were given. Once all of the padlocks were unlocked there was a surprise inside the box. The children demonstrated knowledge about the subject, team work and perseverance.

The children in Class 1 and 2 learnt all about greenhouse gases, what they are and how they form and linked this to the theme of superheroes by creating characters to promote clean air and destroy the greenhouse gases.

Many thanks to Mr Rockett and Northern Gas for providing us with this excellent and free resource.

BURTON AGNES CE PRIMARY SCHOOL

Friday News

Sports Hall Athletics

Yesterday the children in Class 3 and 4 went along to Driffield Sports Centre to take part in a Sports Hall Athletics competition. The competition, which is part of our PE curriculum in school, is designed to allow all children to experience the opportunity to take part in competitive sport. The children worked as a team to compete against other schools in our local Cluster. 8 schools in total took part in the event which involved activities based around running, jumping and throwing. The children all participated well and tried their very best.

Thank you

We have been very fortunate over the past couple of weeks to have received some generous donations that will help our pupils in a variety of ways. Our lovely friends at North Wold Lions continue to support us and have kindly donated a fabulous £1000 to FOBAS which will help to pay for the pantomime this year..... Oh yes it will!

Following begging letters sent out by Mrs Grainger for help with our IT resources, we have also received a donation of 10 ipads from Premier Modular at Brandesburton. One of their staff members is a former Burton Agnes pupil and when they received the letter they were one too happy to help us out.

We also have a thank you to say for the lovely Christmas Tree that arrived on the playground this week which was kindly donated by Mole Country Stores in Driffield.

This will be decorated and lit ready for carols around the tree in a couple of weeks time.

Disco Fever

We all had a wonderful time at the school disco. It was great to see everyone having a dance and enjoying themselves. A huge thank you to everyone who bought a ticket. A big thank you to the members of FOBAS and school staff who worked hard to make sure everyone had the best of times.

We have a number of children arriving late on a regular basis.

Our School gates open at 8.50am and learning starts at 8.55am.

Your child is missing out on their education.

Please ensure they are in school on time

Thank you
