BURTON AGNES CE PRIMARY SCHOOL

Friday News

A note from Mrs Jameson

What a magical day we had on Thursday when everyone came to school dressed as characters from story books to celebrate World Book Day. Reading is a very important life skill and fostering a love of books is very important. The children took time to talk about the characters they were and the books that they were in. It was lovely to see the older children and younger children sharing books together. The older children

were fabulous story tellers. Hopefully not only did the children have a great day but also allowed their love of books and reading to grow that little bit more. Many thanks to you all for supporting this event.

More photos can be seen in the gallery section of the school website

Red Nose Day

Once again we will be raising money for Comic Relief by taking part in Red Nose Day on Friday 15th March. The theme is RED. Please send a donation in. The School Council will also be raising money by selling red nose stress ball they have made and pots of fruit. Each item costs 50P so please feel free to send in a little extra money. **There will not be a Special Mentions on Friday** as the children will be taking part in a RED NOSE BOP at the end of the day.

Easter Service at church
2pm followed by Easter Egg
stravaganza

Thursday 4th April

Class 3 visit to Sewerby

Friday 5th April

School Closes for Easter

Tuesday 23rd April

School opens

Governors

At our Governing body meeting this week the Governors were discussing that parents may not be familiar with the role of governors in school, who governors are and how they can help you. All of the information you need to know is on our school website in the our school section. You will also find minutes from all of the meeting in there. Your parent governors are Anna Jackson and Jo Thompson but Chris Shipley and Olivia Cunliffe -Lister are also governors of the school. Feel free to bend their ear if you have any concerns or celebrations about the school.

Class 4 visit from The Marine Conservation Society

On Friday the children had a visit from Cool Seas Explorers. The aim of the session was to inspire the children to care for their environment by learning a little bit more about it. The children explored the seaside habitat, learning about what lives there and how it lives, whilst at the same time developing a deeper understanding of marine conservation issues and how they can help. This linked to the children's current Geography and Science learning.

Uniform

Many thanks to everyone who had a good look at their child's school uniform over the half term holiday. There is a marked improvement in our appearance however we still have a few pairs of black trainers in school. Children are welcome to change in to trainers at playtime to play football but need to be wearing proper school shoes for the rest of the time. We are not asking for anything out of the ordinary. When the children move on to secondary school they will be in bother for not following the dress code so please let's get it right for them now. Thank you for your support with this matter.
