## Mrs Kemp

I love learning new things. I especially enjoy maths, art, P.E and Science. I also enjoy reading and learning about history. However, I'm not very good at remembering dates! I might need your help with that!

Outside of school I love making, creating and painting. I also like to keep fit and go cycling, running, walking and keep fit in my kitchen with Les Mills!

I have two boys who keep me busy at home, they both love cycling too and playing on the play station. Harry is very creative and Dan loves baking and trying new recipes. They are both completely bonkers!

I love teaching and working with children. You all make me laugh and smile every day. I love it when you try hard and take pride in your work. I love trying new ways to teach lessons, making them fun and exciting. If you have any great ideas, let me know and we could try them. I'm always open to new ideas.

The only thing I don't like is people being horrible to each other and falling out. Life is for living, loving and learning together.

Enjoy the summer holidays. I am looking forward to seeing you all in September, ready for action. If you want to ask me anything before then or perhaps send me an email with information all about you, then my email address is:
