

# Key Stage 3 Takeover Day.

In March 2020 we held our first Key Stage 3 Takeover day. This gave all Key Stage 3 students the opportunity to apply for any role within the school, from the principal, senior leaders, teaching staff or any of the diverse support staff roles. Student received support on how to apply during their PSHE lessons. We received a lot of applications for a wide range of job roles. Students were all offered interviews and then selections were made. Successful students were notified in writing, unsuccessful students were offered feedback sessions where they were offered alternative positions and /or given advice on how to improve their applications for next time.

Students met up with their mentor, prior to the takeover day and were given preparation activities. On the day itself, they took on their new challenges, fully supervised by the staff member whose role they were undertaking. Burton Borough School made front page news with this activity! <https://www.shropshirestar.com/news/education/2020/03/05/pupils-take-over-at-telford-school/>

We will be launching our KS3 Takeover day in January and the actual Takeover will take place on Wednesday 3<sup>rd</sup> March 2021.
