Introduction

What are malpractice and maladministration?

'Malpractice' and 'maladministration' are distinct but related concepts, the common theme being that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations, and/or
- a breach of awarding body requirements regarding how a qualification should be delivered, and/or
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates, and/or
- compromises public confidence in qualifications, and/or
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate, and/or
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' normally involves malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the completion of any examination. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre, or
- an individual appointed in another capacity by a centre, such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Centre malpractice

'Centre malpractice' normally involves malpractice where there is an element of systemic failure, a breach in policies or widespread malpractice such that a centre-level sanction is appropriate (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice (regardless of how the incident might be categorised, as described in SMPP, section 1.9). (SMPP 2)

Purpose of the policy

To confirm Burton Borough School:

- has in place for inspection that must be reviewed and updated annually, a written malpractice policy which covers all qualifications delivered by the centre detailing how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body; it must also acknowledge the use

of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice) (GR 5.3)

General principles

In accordance with the regulations Burton Borough School will:

- take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after assessments have taken place (GR 5.11)
- inform the awarding body **immediately** of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- as required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the current JCQ document **Suspected Malpractice - Policies and Procedures** and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

Burton Borough School has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ document **Suspected Malpractice: Policies and Procedures**. (SMPP 4.3)
- This includes ensuring that staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance:
 - General Regulations for Approved Centres 2025-2026
 - Instructions for conducting examinations (ICE) 2025-2026
 - Instructions for conducting coursework 2025-2026
 - Instructions for conducting non-examination assessments 2025-2026
 - Access Arrangements and Reasonable Adjustments 2025-2026
 - A guide to the special consideration process 2025-2026
 - Suspected Malpractice: Policies and Procedures 2025-2026 (this document)
 - Plagiarism in Assessments
 - AI Use in Assessments: Protecting the Integrity of Qualifications
 - Post Results Services June 2025 and November 2025
 - A guide to the awarding bodies' appeals processes 2025-2026
 - Guidance for centres on cyber security

(SMPP 3.2)

Additional information:

Staff and SLT are provided annually with the most up-to-date and applicable JCQ documentation regarding General regulations, NEA, ICE, Access Arrangements, Special Considerations Process, Appeals and Malpractice.

Informing and advising candidates how to avoid committing malpractice in examinations/assessments

Annually, teaching staff managing NEA, are given the most up-to-date JCQ documentation to share with students where applicable regarding NEA, Plagiarism, Use of AI, Appeals and Malpractice.

Students are also provided with link access to these documents for their own information too.

AI use in assessments

JCQ have produced guidance for teachers & assessors on the use of Artificial Intelligence (AI) in assessments to protect the integrity of qualifications

[AI Use in Assessments: Protecting the Integrity of Qualifications - JCQ Joint Council for Qualifications](#)

Alongside this 2 Infographics have also been created for Teachers and students to provide clarity on AI and Assessments

Any instances within the centre with regards to exams, NEA or coursework where it is suspected or proven that the use of AI is in an incorrect, unfair, untrue manner, then the centre will treat such instances as they would other exam malpractice and follow the centre and exam board processes for the identification, reporting and communication of malpractice.

The guidance in summary covers the following :

- *What is AI use?*

AI use refers to the use of AI tools to obtain information and content which might be used in work produced for assessments which lead towards qualifications.

- *What are the risks of using it in assessments?*

The use of AI chatbots may pose significant risks if used by students completing qualification assessments. AI has been developed to produce responses based upon the statistical likelihood of the language selected being an appropriate response and so the responses cannot be relied upon. AI chatbots often produce answers which may seem convincing but contain incorrect or biased information. Some AI chatbots have been identified as providing dangerous and harmful answers to questions and some can also produce fake references to books/articles by real or fake people.

- *AI misuse ?*

Students must be able to demonstrate that the final submission is the product of their own independent work and independent thinking. • AI misuse is where a student has

used one or more AI tools but has not appropriately acknowledged this use and has submitted work for assessment when it is not their own. Examples of AI misuse include, but are not limited to, the following:

- Copying or paraphrasing sections of AI-generated content so that the work submitted for assessment is no longer the student's own
- Copying or paraphrasing whole responses of AI-generated content
- Using AI to complete parts of the assessment so that the work does not reflect the student's own work, analysis, evaluation or calculations
- Failing to acknowledge use of AI tools when they have been used as a source of information
- Incomplete or poor acknowledgement of AI tools
- Submitting work with intentionally incomplete or misleading references or bibliographies.

-

AI misuse treated as malpractice?

AI misuse

constitutes malpractice as defined in the JCQ Suspected Malpractice: Policies and Procedures (<https://www.jcq.org.uk/exams-office/malpractice/>). The malpractice sanctions available for the offences of 'making a false declaration of authenticity' and 'plagiarism' include disqualification and debarment from taking qualifications for a number of years. Students' marks may also be affected if they have relied on AI to complete an assessment and, as noted above, the attainment that they have demonstrated in relation to the requirements of the qualification does not accurately reflect their own work

-

Acknowledging AI use

It remains

essential that students are clear about the importance of referencing the sources they have used when producing work for an assessment, and that they know how to do this. Appropriate referencing is a means of demonstrating academic integrity and is key to maintaining the integrity of assessments. If a student uses an AI tool which provides details of the sources it has used in generating content, these sources must be verified by the student and referenced in their work in the normal way. Where an AI tool does not provide such details, students should ensure that they independently verify the AI-generated content – and then reference the sources they have used. In addition to the above, where students use AI, they must acknowledge its use and show clearly how they have used it. This allows teachers and assessors to review how AI has been used and whether that use was appropriate in the context of the particular assessment. This is particularly important given that AI-generated content is not subject to the same academic scrutiny as other published sources.

Candidates will be issued with of the JCQ **Information for candidates - AI (Artificial Intelligence and assessments)** or similar centre document prior to completing their work/prior to signing the declaration of authentication.

Identification and reporting of malpractice

Escalating suspected malpractice issues

Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels. (SMPP 4.3)

First and foremost, the Examinations Manager will inform the awarding body immediately of the alleged malpractice to ascertain the best and most appropriate approach.

The Examinations Manager will obtain written statements from those concerned, whether the malpractice is by staff or candidates.

Investigation by the School into alleged malpractice by candidates

The Examinations Officer will conduct a full enquiry into the malpractice in conjunction with the Head Teacher. If malpractice is deemed to have taken place then a full written report (using Form JCGQ/M/01 where appropriate) is submitted to the Awarding Body with supporting evidence.

Candidates accused of malpractice are made fully aware at the earliest opportunity of the nature of the alleged malpractice, and of the possible consequences should malpractice be proven. The parents/guardians of the candidates are also notified in writing of the alleged malpractice and of the possible consequences.

Candidates accused of malpractice must be given the opportunity to respond (preferably in writing) to allegations made.

Candidates accused of malpractice should be made aware of the avenues for appealing should a judgement be made against him or her. Full details of an Awarding Body's appeals procedure will be sent to the candidate and parents/guardians if the judgement goes against the candidate.

The candidate and parents/guardians will be informed in writing of the outcome of the Awarding Body's decision.

Investigation by the School into alleged malpractice by members of staff

Investigations into any case of malpractice or irregularities against a member of staff must normally be carried out in the first instance by the Head Teacher of the school, in conjunction with the Awarding Body. Investigations into alleged malpractice or irregularities against the Head Teacher must be carried out by the Chair of the School's Governing Body, or the responsible employer, and reported to the Awarding Body when completed.

Any member of staff accused of malpractice or irregularities must be made fully aware (preferably in writing) at the earliest opportunity of the nature of the alleged malpractice, and the possible consequences should malpractice be proven.

Any member of staff accused of malpractice or irregularities must have the opportunity to respond (preferably in writing) to allegations made.

Any member of staff accused of malpractice or irregularities must be made aware of the avenues for appealing should a judgement go against him or her.

When investigating serious cases or alleged staff malpractice, it may be necessary for a member of the Awarding Body staff to be present at an interview with the staff member concerned. The member of staff being interviewed may be accompanied by a friend or union representative.

In accordance with the requirements of the Code of Practice and the Arrangements for the Statutory Regulation of External Qualifications in England, Wales and Northern Ireland, a report on cases where members of staff are found to have committed malpractice, together with details of the action taken by the Head Teacher, the Governing Body or the responsible employer must be forwarded to the regulatory authorities and may be made available to other Awarding Bodies if the Awarding Body decides that the circumstances of the case are sufficiently serious to warrant such reports being made.

Reporting suspected malpractice to the awarding body

- The head of centre will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ document **Suspected Malpractice: Policies and Procedures** (SMPP 4.1.3)
- The head of centre will ensure that, where a candidate is a child or an adult at risk and is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)

- Candidate malpractice offences relating to the content of work (i.e. inappropriate/offensive content, copying/collusion, plagiarism (including AI misuse) and/or false declaration of authentication) which are discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication, do not need to be reported to the awarding body. Instead, they will be dealt with in accordance with the centre's internal procedures.

Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment where the offence does not relate to the content of candidates' work (e.g. possession of unauthorised materials, breach of assessment conditions) or where a candidate has signed the declaration of authentication, must be reported using a JCQ M1 to the relevant awarding body. If, at the time of the malpractice, there is no entry for that candidate (who the centre intended to enter), the centre is required to submit an entry by the required entry deadline. (SMPP 4.5)

- If, in the view of the investigator, there is sufficient evidence that an individual may have committed malpractice, that individual (the candidate or the member of staff) will be informed of all the required information and the accused individual informed of their rights and responsibilities (SMPP 5.33-3.4)
- Once the information gathering has concluded, the head of centre (or other appointed information-gatherer) will submit a written report to the relevant awarding body summarising the information obtained and actions taken, accompanied by the information obtained during the course of their enquiries (5.35)
- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M3 will be used (SMPP 5.37)
- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

Additional information:

Communicating malpractice decisions

Once a decision has been made, it will be communicated in writing to the head of centre as soon as possible. The head of centre will communicate the decision to the individuals concerned and pass on details of any sanctions and action in cases where this is indicated. The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)

Additional information:

Appeals against decisions made in cases of malpractice

Burton Borough School will:

- Provide the individual with information on the process and timeframe for submitting an appeal, where relevant
- Refer to further information and follow the process provided in the JCQ document **A guide to the awarding bodies' appeals processes**
