23rd March 2020

Dear parents/carers

Following further advise from the Government we are looking closely at the list of children that have been given a place at school during the Covid-19 School Closures. Some of you have kindly shown your work ID to Mrs Muttock this morning but we are now asking for a letter from your employer stating that you are a critical worker and that your specific role is necessary for the continuation of an essential public service. (Both parents living in the same household as the child need to be key workers).

The Government guidance is clear that any child that can stay at home should and it is imperative that we keep numbers in school low to reduce spreading this disease even further.

We are very mindful that we are currently 3 teachers and 1 Teaching Assistant down due to self-isolation and that should school be unable to open because of staff absence and high numbers of places being requested for children, it may be that children that will have to be sent to another school setting.

I hope you understand the need for this type of action.

Yours faithfully

Mrs Muttock
