

Supporting your Child with GCSE Revision: Health and Social Care

Current work

Component 2 is currently being completed by students with a deadline of **Dec 15th**. Component 2 consists of 5 Tasks related to Health and Social Care services and values. Each task is worth 12 marks.

Component 3 is based on Health and Well-being. This consists of an External Exam that takes place in Early January. Content is based on all the work covered in components 1 and 2. Revision for this exam will be sent home as homework during and after October half term via TEAMS. A Mock will take place in November.

If students do not receive the grades at the right level we will review with yourselves an opportunity to resit the exam in Early May. If the resit exam is taken then this mark will override the January exam regardless of whether it increases or not.

Support from parents/guardians:

Encouragement to attend all lessons.

Understanding that the current component 1 is complete and worth 30% of their actual overall grade.

Component 2 is currently being completed and needs to be done at the highest possible standard, as this will be externally moderated.

Support will be needed from October as revision will be taking place for the exam set in January.

Revision homework will be set each week after October half term on TEAMS.

Intervention:

Lunchtime Intervention – Tuesday lunch
(when needed)
