

Employee Communication: Gender Pay Gap Reporting 22/23

We are an employer required by law to carry out Gender Pay Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

This involves carrying out six calculations that show the difference between the average earnings of men and women in our organisation; it will not involve publishing individual employee's data.

We are required to publish the results on our own website and a government website. We will do this within one calendar year of April 5th, 2022.

We use these results to assess:

- the levels of gender equality in our workplace
- the balance of male and female employees at different levels
- how effectively talent is being maximised and rewarded

Supporting statement

Campfire Education Trust always recruit the best person for the job regardless of their gender. All our roles are evaluated to ensure fair pay for the role and each role is advertised with no gender bias.

We use pay scales for all teaching staff that are aligned to the School Teachers Pay and Conditions Document (STPCD) which is reviewed on an annual basis.

The Campfire Trust has 6 schools which are located across 3 Local Authorities: Buckinghamshire, Milton Keynes, and Northamptonshire. For all support staff the Trust follows the Green Book for its terms and conditions and the respective Local Authority pay scales. This means that as a Trust we have different pay scales across the Trust for all support staff.

Staff move through the pay scales for their grade based on a thorough and robust performance management process, meaning earnings are determined by performance outcomes, irrespective of gender.
