The week started by waving our Year Six's off as they ventured to Waterpark. They are a stunning year group and have had a fabulous week trying a whole range of new activities. The photographs on our school blogs under the heading 'Sport' capture many moments of the residential. I was fortunate enough to visit and join them for breakfast on Thursday but sadly was called back to school for an urgent matter. It was incredibly lovely to see them happy and enjoying the whole trip (really missed them all!). I am very appreciative of my staff that joined the children for the five days as although an incredibly rewarding experience it is equally challenging being away from home comforts with the responsibility of the children 24 hours a day.

Once again, I enjoyed watching our Football Team on Monday at Pool Foot. They played a good game against a great opponent of Flakefleet. They unfortunately lost 5-2.

### Reminder

Love yourself Day

On the 14<sup>th</sup> February we ask that you **send a donation of at least £1:00**. You may make your donations directly to VICTA using this link: <https://uk.virginmoneygiving.com/SusanMcGrath4> All monies raised on this day will be paid to VICTA. Our Fairy Cake Friday's have already raised £350.00 for VICTA and £350.00 for the Deaf Awareness Society. Children are to come to school in non-uniform, wearing an outfit that

reflects their personality or interests. If your child has PE on this day we ask that this time they please come in non-uniform instead of the normal PE kit. Thank you so much but..... Let's keep going!!!

Our eco committee have been meeting to consider ways that Carleton Green can be better with our energy efficiency and how to limit the use of single use plastics. It was therefore wonderful to learn that one of our pupils had been taking the time to think about how we can work more effectively at preventing plastics from harming our planet. She had taken her idea and presented it to Richard Branson who equally thought it was a good plan!

My Daughter is 10 yrs old and dyslexic. She is always problem solving and here is an example of what can happen if we give our children the freedom and encouragement to explore their imagination. A great example of a dyslexic child's superpower to create and think differently.

This is so brilliant. Dyslexia really can be a superpower. Thanks for sharing and pass on my thanks to your daughter!

Thank you for your continued support in and out of school, Susan McGrath, Headteacher.
