Issue 246 Week Ending Friday 21st May 2021

Another super week has taken place with our Lower Key Stage Two children carrying out outdoor learning sessions. As always to help with our outside areas we rely on volunteered support. Mr McDougall continues to come to our rescue but it would be great if more of our families could help. We need assistance with regular weeding and general garden maintenance as well as some more specific help restoring planters. If you feel you have the capacity to help in this way please contact the school office.

Our Upper Key Stage Two children will be helping week beginning the 21st June and will need to bring old clothing to change into as well as painting our benches and creating a quiet outdoor space.

Sadly, it was a typical British weather picnic day, however despite not being able to eat outside the picnic was a huge success with clean dishes galore! Nearly every child in school enjoyed a school lunch. We allow for children to have a mixture of having packed lunches or school lunches where you are able to simply pay on parent pay for the meals you want.

Bringing in toys from home is something we heartily discourage as the children become upset if they have gone missing or have become broken. We ask that your children keep their possessions at home so that they are kept safe. This includes fidget toys that have made a reappearance into school.

Our Year Six children have not had a normal final year of Primary School and we very much hope that we are able to give them our usual send off at the end of the term. This will hopefully involve an end of year production and a BBQ. We will send out details nearer the time when we have the latest government guidance.

I have been thrilled with children earning their Carleton Codes and was amazed to see Rupert's stunning handwriting in Duckling's Class. I am equally very pleased to see how well Doves are doing with their times tables. We want all our pupils to read daily and practise the times tables too every day.
