The Saturday 'Carleton Green Goes Green' was a great success with loads of helping hands to get our outdoor spaces better equipped for the children to use. I was overwhelmed with the enthusiasm and achievement from this session. The relocation of our greenhouse will make all the difference with spaces feeling tidier. We will hold another event in the spring after the February Half Term. Our Helping Hands are a newly established group of parents and staff that are very keen to think of new ways to galvanise funds. Simply let the office know if you are interested in volunteering some time as we will happily welcome more members. Any form of help will be much appreciated.

The Remembrance Sunday services held around our area were also well supported by various members of our school community. It was lovely to see our pupils representing groups such as Brownies and Cubs and Scouts. Thank you to all those that took part in these services.

Our many thanks and appreciation for the magnificent effort by the pupils and staff of Carleton Green Primary School for raising **£199.80**.

Without the support of organisations such as your school, we would not be able to maintain the same level of help for our Veterans.

Our many grateful thanks once again to all concerned for their efforts.

COVID update: Please see the attached letter from Dr Sakthi Karunanithi, Director of Public Health.

## Year 6 Residential

Details of the Year 6 residential trip to Waterpark have been received positively with all of the cohort wanting to take part. We are fortunate to be able to secure the whole manor house for five days which has meant due to the uptake we are splitting the trip into two groups; each enjoying three full days. This year due to the numbers we are to be taking two groups up to the Lake District. The first group are planned to be leaving on the Monday 11<sup>th</sup> July to return home on Wednesday afternoon and the second to set off on Wednesday 13<sup>th</sup> July morning to come back Friday afternoon. I certainly intend to be joining them for at least a full day!

**Being active** is certainly something we promote at Carleton Green at any opportunity. And so, invite you to look at ways you can achieve this at home too. Cycling and walking are great ways to be active as a family while enjoying fresh air too. The Winter Wheelers is a bit of fun that you may wish to join in with as well as the active mile event. Details of this are attached with this newsletter.

I have wanted to organise a walking bus many, many times. If you don't know anything about this have a look at this link and then get in touch with me if you can think you would like to help:
