Well what a week our Year 6's have had!!!! They have enjoyed the most magnificent weather in Coniston, enjoying a range of activities the Lake District has to offer. The team of staff that went to support the children have said it has been such a marvellous experience to see the children push themselves to achieve things that they never would have done before. The Waterpark Outdoor Education Centre is the best of its type and the children are developed in team building projects along with acquiring lifelong skills. Our Twitter feed has kept us regularly updated. Both groups of children have not stopped talking about their amazing time away telling us all about mountain walks, ghyll scrambling, kayaking and of

course the yummy sticky toffee pudding!. We would like to thank all the staff at Waterpark as well as thanking Mrs Danyadi-Elliot, Miss Wilson, Mr Cadawallder, Mrs Stock, Mr Boyd and Miss Savage for enabling our children to go and for giving up their own time away from their families.

It is forecast to be extremely hot over the coming days. Please ensure you send your child in protected from the sun with suncream. It is best that your child comes to school with it already applied along with a supply of their own to put on over the day, a sun hat and most importantly a drink that they can top up over the day. We do not expect to see any ties being worn in this hot weather. The PTFA will be providing ice lollies for the children to enjoy on Monday. If you would like your child to have one please send in 20p for each day. We are to be putting up additional sun shelters outside to help protect the children.

Carleton Green Goes Green continues to go from strength to strength. Our recently harvested peas have provided our children with a healthy snack and our potatoes have been used within our school kitchens for lunchtimes. Pupils at Carleton Green CP school have earned an international accreditation this academic year, recognising their amazing work in making their school more environmentally friendly and raising eco-awareness in fellow pupils.

Eco-Schools is an international education programme that prompts young people to explore sustainability and climate change and take-action.

Pupils at Carleton Green CP school collaborated with Mrs Hicks to conduct an environmental review, assessing how eco-friendly their school is. They reviewed everything from the school's recycling practices, to energy usage, to how environmental themes are covered in classrooms. Building on their findings, the pupils and Mrs Hicks planned a year of activities that would up their green-credentials.

Wyre in Bloom awarded us with Gold for our stunning grounds. A huge thank you for your support in helping Mrs Hicks and our Eco-committee to enabling this to happen.
