

It is no longer I who live, but it is Christ who lives in me. This life that I live now, I live by faith in the Son of God, who loved me and gave his life for me.

**'Christ Lives in Me.'**

**PASTORAL THEME FOR ACADEMIC YEAR 2023-24**

May the Lord give you His peace!

The Pastoral Theme that will guide our prayer and action during the Academic Year 2023/24 is 'Christ Lives in Me.'

*'It is no longer I who live, but it is Christ who lives in me. This life that I live now, I live by faith in the Son of God, who loved me and gave his life for me.'*  
Galatians 2:20

"Christus Vivit" 'Chris is alive!' is an encyclical written in 2019 by Pope Francis that speaks directly to young people. It encourages them to embrace their faith, find hope in Christ, and actively participate in the world around them. In simple terms, it teaches young people that they are valuable and have a vital role to play in making the world a better place.

One of the key messages is that young people should not be afraid to dream big and make a difference. The Pope says, "Dear young people, do not bury your talents, the gifts that God has given you! Do not be afraid to dream of great things!" This quote reminds young people to believe in themselves and use their unique gifts and talents for the benefit of others.

Another important theme is the importance of listening to others and building connections. Pope Francis states, "If you listen to Jesus and follow his voice, you will be able to realize your talents in the best way." This encourages young people to be attentive to the needs of others, to listen with empathy, and to build relationships based on respect and understanding.

Finally, the encyclical emphasizes the importance of taking action and being actively engaged in society. Pope Francis reminds young people, "A better world can be built also as a result of your efforts, your desire to change, and your generosity." This quote encourages young people to be agents of positive change, to stand up for justice, and to let their light shine by making a positive impact in their communities and the world.

As we journey together throughout the academic year, we pray that we may become more aware of Christ who lives in us, and share His Light and Life with all we meet!

Each week we will be fed by the Gospel used at Sunday Mass. Our reflections will link to our Trust virtues and the principles of Catholic Social Teaching, and how we might put into practice Jesus' command to 'live life to the full.' (John 10:10)

**Catholic Social Teaching** is a set of rules and ideas that help Catholics understand how to be good and fair in society. It teaches us about treating people with respect and making the world a better place for everyone. Catholic Social Teaching is all about allowing Christ to live in us and our actions being inspired by His Life and Light.

**Human Dignity:** This means that every person is special and important because we are all made in the image of God. We should treat others with kindness and respect. It's like when the Bible says, "God created humans in His own image" (Genesis 1:27).

**Solidarity:** This is about sticking together and helping one another. We should care about all people, no matter where they come from or what they look like. It's like when the Bible tells us to "share each other's troubles" (Galatians 6:2).

**Subsidiarity:** This idea says that decisions should be made by the people who are closest to the situation. It means that we should respect the ideas and choices of individuals and communities. The Bible says, "Use your gifts to serve others" (1 Peter 4:10).

**Common Good:** This is about making sure everyone has what they need to be happy and healthy. We should work together to create a society where everyone can thrive. The Bible says, "Look out for each other's interests" (Philippians 2:4).

**Option for the Poor:** This means that we should take extra care of people who are poor or struggling. We should help them and fight against unfairness. The Bible tells us, "If someone is in need and you do nothing to help, what good is that?" (James 2:15-16).

**Peace:** Peace means living in harmony and resolving conflicts without violence. We should work to create a world where people can live peacefully together. It's like when Jesus said, "Blessed are the peacemakers" (Matthew 5:9).

**Rights and Responsibilities:** Everyone has certain rights, like the right to be treated fairly and the right to have basic needs met. But along with these rights, we also have responsibilities to respect the rights of others and help make sure everyone is treated well.

**Participation:** This means that everyone should have a say and be involved in decisions that affect them. It's important for everyone's voice to be heard, and for us to work together to make choices that are fair and inclusive.

**Stewardship:** Stewardship means taking care of the Earth and everything in it. We should be responsible for protecting the environment, using resources wisely, and leaving a healthy planet for future generations. It's like when God told Adam and Eve to take care of the garden (Genesis 2:15).

Catholic social teaching gives us guidance on how to treat others and make the world a better place. It teaches us to value every person, help those in need, and work together for a fair and just society.
