

ARE YOU OUT OF THE ZONE?

- We know that not everyone lives within a reasonable walking or cycling distance to the school but there are alternatives to travelling by car...
- Have you considered getting the bus to school? Local services are shown below.
- If you must get a lift to school, please try and get dropped off/picked up outside of the 5 minute walking zone shown below. Even walking the last 5 minutes will boost your energy and give you a chance to catch up with your friends.

So why not join the 85% of young people who walk, cycle or get the bus to school in Darlington?

ARE YOU IN THE ZONE?

It should take you less than 15 minutes to walk or cycle from the zones featured on the map...

Did you know?

- Supermodels Agyness Deyn, Lily Cole and Elle Macpherson are regular cyclists, as are TV's Richard Hammond and entrepreneur Sir Alan Sugar...
- Walking and cycling gives you independence – you don't have to rely on others to give you a lift!

These maps are to be used as a guide only and it remains the responsibility of parents or carers to decide if their child is able to walk, cycle or take a bus to school. The travel zones shown are based upon an average walking speed of 3 miles an hour and a cycling speed of 8 miles an hour.

Although the maps show quieter roads and cycle paths they should not be used as a means of classifying safe walking or cycling routes to school.

For the purpose of applying the schools admission policy in relation to the shortest safe walking or cycling journey to school, parents or carers should speak to the School Admissions Team on 01325 388027.
