

## SPANISH

If you have an aptitude for languages and are interested in taking Spanish please make sure you speak to your language teacher. Consideration of current PA data, attitude, effort and attendance will be considered when allocating students to this course. Studying a language to GCSE standard in two years will take commitment and effort. In particular students need to recognise that they will need to put in the time to learn a lot of vocabulary in those two years in order to be successful.

Students will have to complete a short introductory course in the second half of the summer term at the end of which they will be assessed. Students who perform well in this assessment will then be allowed to take the GCSE in year 10.

**What qualification does this course lead to?** GCSE in Spanish grades 9-1; AQA exam board

### What topics will I study?

You will study three themes:

- Identity and culture
- Local, national, international and global areas of interest
- Current and future study and employment

### What understanding and skills will I develop?

You will develop a level of linguistic competence in your chosen language, an understanding of the language in a variety of contexts, a knowledge of your language and language learning skills, an ability to communicate effectively in the language, develop awareness and understanding of countries and communities where the language is spoken, and develop the skills necessary to help you take your place in a multilingual global society.
