

10th June 2026

Parent Stubbington Information & Year 6 Expectations Meeting

Dear soon-to-be Year 6 Parents,

We are pleased to invite you to our Stubbington residential parents' information evening on **14th July at 5:00 pm**. This event will take place at **both sites, Rooksdown and Greenbank**, and we hope you will be able to attend. As we are going to Stubbington early in the Autumn Term, we felt it necessary to hold this meeting to give you enough preparation time.

During the evening, we will share important information about the Stubbington residential visit, including an **overview of the trip, key arrangements and packing list**.

We will also use this opportunity to deliver our **Year 6 expectations talk**, so we can reduce the time parents and carers need to come into school during the first few weeks of term. We understand that this is an important stage in your child's final year of primary school and we want to ensure that you feel well-informed and confident about the term ahead. The evening will be a helpful opportunity to learn more about the exciting opportunities planned for Year 6, as well as the routines and expectations that will support a successful and settled start to the year.

We understand that some of you may not be able to attend, and so the PowerPoint will be shared on Class Dojo after the session.

In September, we will hold a drop-in session after school until 4:00pm on **Tuesday 8th September** as we understand that things may change over the summer holidays and questions may crop up.

Yours sincerely,

The Year 6 Team
