

12th December 2023

Year 6 SATs Boosters
Greenbank

Dear parents and carers of Year 6 pupils,

Every year the Year 6 team put on booster sessions to help prepare the children for SATs. These sessions are designed to recap and revise previously taught learning and plug any gaps that were missed during COVID-19. Lots of members of the team have kindly offered to help run these sessions as they will be on-hand during the week of SATS (13th - 16th May 2024).

We very much appreciated you filling out the Google Form last week, and highlighting your most preferable day. These sessions will begin on **Tuesday 9th January from 3:00pm- 3:45pm**. They will run **weekly** until the week of SATs. During these sessions, we will be providing squash and snacks (usually biscuits)! If you would prefer your child not to have these due to dietary needs then please let a member of the Year 6 team aware.

Whilst we encourage all children to engage in these sessions, please be assured that we will still continue supporting them in school as we begin preparations in the new year.

Please complete the form below and return to school by **Friday 5th January 2024** and hand into your class teacher.

Many thanks,

The Year 6 Team

Year 6 SATs Boosters

I can confirm that my child _____ will/won't be attending the Year 6 Booster sessions **every Tuesday**.

I can confirm that my child _____ is allowed/isn't allowed to the provided snack and drink.
