Dear Parents and Carers

Subject: Global Day – Friday 6th June : Promoting Biodiversity at School

We are excited to let you know that on **Friday 6th June**, we will be celebrating **Global Day** at school, with activities inspired by ideas from our brilliant Eco Champions! This year's theme is **promoting biodiversity** within our school grounds—encouraging children to appreciate, protect, and contribute to the natural environment around them.

As part of the day, we're planning a variety of hands-on workshops to help students explore the importance of biodiversity and how small actions can make a big difference.

We would love to invite members of our school community to get involved. Do you—or someone you know—have a passion for nature, wildlife, or the environment? Would you be interested in coming in to run a short workshop with some of the children?

We're particularly looking for people with an interest or experience in areas such as:

- Beekeeping
- Bird watching or building bird boxes/feeders
- Making hedgehog houses or bug hotels
- Mini-beast or butterfly habitats
- Seed bomb making or wildflower planting
- Nature photography
- Or any other eco-friendly interests!

If you'd like to get involved or recommend someone, please email admin@chjs.net, with 'Global Day Volunteer' as the subject header by **Tuesday 13th May**.

Thank you for helping us make Global Day a fun and inspiring experience. We can't wait to celebrate the wonders of the natural world with the children!

Kind regards,
The Eco Team
