

Maths/Reading support clubs

Dear Parents/Carers

As discussed at the parent information evening in September, we are keen to boost the children's confidence before they begin to panic about SATs testing. Although we (and we know you do too) reassure them that tests are nothing to worry about, they don't always believe us. In our experience the best way to get them to believe us is to show them! Therefore, we're keen for the children to see that they're more than capable of tackling this final year of primary school sooner rather than later.

For this reason, we will begin after school boosters for reading/SPaG and maths on Mondays and Thursdays. These boosters will begin on Thursday 7th November and run until Thursday 12th December when we will reissue invites for the spring term based on attendance and feedback. It will take place in the year 6 classrooms though teachers from across KS2 will be taking groups. The club will run from the end of the day until **3:40pm** when they will be dismissed from Mrs Thomas' classroom. **Please note, there will not be a session on Thursday 21st November due to Parents' evening.**

The children may bring a snack to eat during the session and we may, with your permission, occasionally use edible treats as incentives.

Could you please complete the slip below confirming your child's attendance and your agreement for your children take the occasional treat.

Many thanks

The year 6 team

Year 6 Maths/Reading support clubs

Name: _____ Class Teacher: _____

- My child will not be attending.
- My child will be attending Monday's club.
- My child will be attending Thursday's club.

Please delete as appropriate

- I do/do not give permission for my child to have an edible treat.

My child will be picked up by: _____

Signed: _____ (parent/guardian)
