

Pupil premium strategy statement – Castle Hill School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

| Detail | Data |
|---|--------------|
| Number of pupils in school | 130 |
| Proportion (%) of pupil premium eligible pupils | 27.7 |
| Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended) | 2024-27 |
| Date this statement was published | 17/09/24 |
| Date on which it will be reviewed | 17/09/25 |
| Statement authorised by | Steve Perren |
| Pupil premium lead | Dan Pearce |
| Governor / Trustee lead | Jayne Askew |

Funding overview

| Detail | Amount |
|---|--------|
| Pupil premium funding allocation this academic year | £49280 |
| Recovery premium funding allocation this academic year | £0 |
| Pupil premium funding carried forward from previous years (enter £0 if not applicable) | £0 |
| Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year | £49280 |

Part A: Pupil premium strategy plan

Statement of intent

Castle Hill School's aim is to enable all students to be effective communicators, to engage in meaningful learning and be empowered to positively influence their world. We recognise each student has unique strengths and challenges, but due to our child-centred approach, all groups of learners make good progress. Our pupil premium strategy is to therefore provide support to our main identified challenges that can affect all of our pupils: communication, physical and sensory needs, social needs, and wellbeing.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge |
|------------------|---|
| 1 | Means and motivation for communication |
| 2 | Access to physical activity and fulfilment of sensory needs |
| 3 | Development of social skills and building relationships |
| 4 | Wellbeing and feeling part of the wider community |

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome | Success criteria |
|---|--|
| For pupils to develop a confident approach to their personalised strategies of communication. Progress will be measured through Pupil in Progress tracking documents alongside MAPP. | This will be specific to each pupil. However, we will expect to see increased and more sustained interactions with adults and peers. Levels of maintenance should also increase; this will be measured through MAPP. |
| For pupils to develop tolerance linked to their specific physical and sensory needs. | This will be specific to individual pupils. Progress will be measured through MAPP, where we would expect to see a |

| | |
|--|--|
| <p>Progress will be measured through Pupil in Progress tracking documents alongside MAPP.</p> | <p>gradual increase in scores taken from the baseline.</p> |
| <p>For pupils to demonstrate increased engagement when accessing a personalised curriculum.</p> <p>Progress will be measured through Engagement Model Profiles, Pupil in Progress tracking documents alongside MAPP.</p> | <p>This will be specific to each pupil. However, we will expect to see an increase in their engagement and fluency in communication. This will be measured through MAPP.</p> |
| <p>For pupils to develop confidence when engaging with the wider community.</p> <p>Progress will be measured through Pupil in Progress tracking documents alongside MAPP.</p> | <p>This will be specific to the individual pupils. However, we will expect to see an increase in MAPP scores for fluency and maintenance linked to focus.</p> |

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £0

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|----------|--------------------------------------|-------------------------------|
| - | | |

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £46680

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|--|---|-------------------------------|
| <i>PP Champion staff backfill</i> (£18,295) | A coordinated approach to the delivery of PP interventions ensures that as a school we can meet the specific needs of individual pupils. This approach enables all pupils' files, including records of interventions and progress recording, to be kept centrally and fully monitored. | 1,2,3,4 |
| <i>Music therapy</i> (£17,100) | Music therapy is a known approach for the delivery of communication and responses for pupils with SEND. The sessions support pupils' total communication strategies. | 1,3 |
| <i>Dance Therapy</i> (£11,285) | Dance and physical movement encourages interaction and communication, participation in group activities and social skills as well as promoting good health, physical development and maintenance. | 1,2,3 |

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £2600

| Activity | Evidence that supports this approach | Challenge number(s) addressed |
|---|--|--------------------------------------|
| <i>After school club (£2,100)</i> | Some pupils are limited in being able to access learning out of school which have a great benefit to their wellbeing and the ability to cope in social situations. | 1,2,3,4 |
| <i>Additional expenses to support wider strategies (£500)</i> | Additional needs arise throughout the year. For example, items to support sporting activities and community visits. | 1,2,3,4 |

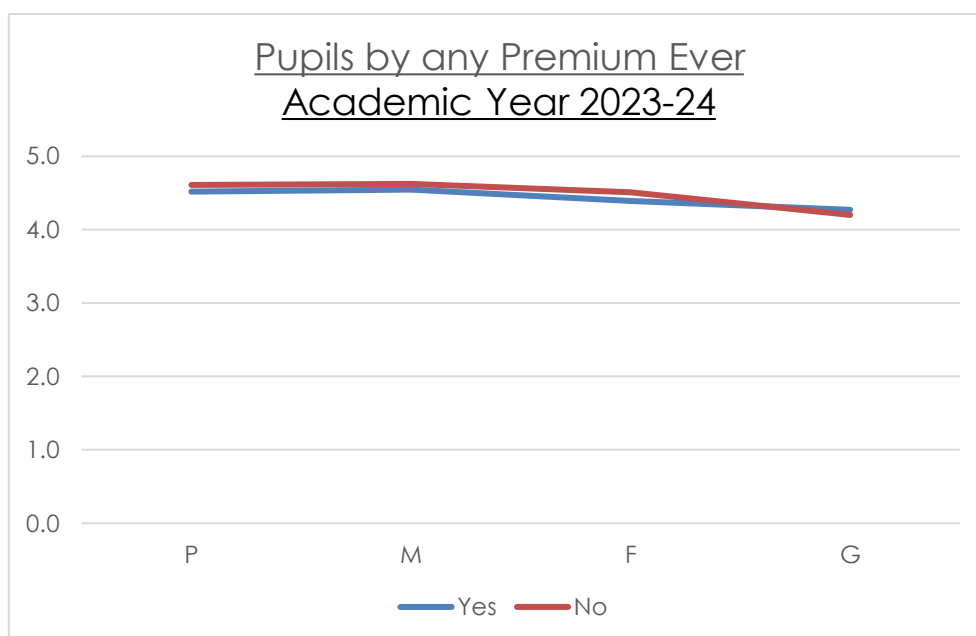

Total budgeted cost: £49280

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

MAPP is used to record and assess our pupils' progress over the course of the year. Each pupil's targets are unique to themselves, but a common methodology of assessment allows progress to be compared. The school's end of year assessment shows there is negligible difference in the outcomes for PP and non-PP pupils. This gives us confidence in the effectiveness of our approaches. See graph below.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

| Programme | Provider |
|---|----------|
| This is not applicable for our setting. | |
| | |

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

| Measure | Details |
|--|---|
| How did you spend your service pupil premium allocation last academic year? | This is not applicable for our setting. |
| What was the impact of that spending on service pupil premium eligible pupils? | |

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
