

Castle Hill School Council

April 2026 update

Cauliflower Cards Fundraising

We met earlier this term to decide how we wanted to spend the pot of money raised from the 'Christmas Card' project over the past two years. We explored the School Council resources purchased on an earlier occasion to publicise these further. We also investigated newer resources, such as the 'light up' spinning top from one of our secondary classes, with a view to purchasing one with the School Council money.

Both the spinning top and the Spangalorb proved popular amongst our School Council members. These have been ordered and are due to arrive in school very soon. We will have chance to open these packages at our next School Council meeting in May. I will also share photos of all the School Council resources to share with class leads. Many of these resources are regularly borrowed, particularly the light resources and the small world animals.
