

Castle Hill School Council

Cauliflower Cards Fundraising

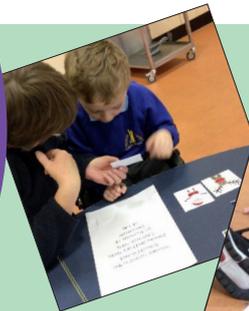

In the autumn term, we took part in the Cauliflower Christmas Card Project for the sixth year running. Pupils created artwork in class, which was professionally turned into cards, mugs, wrapping paper, and spiral notebooks. Many staff, parents and carers chose to purchase items, and, as in previous years, we raised around £120 in commission.

This year, we have decided to spend some of the School Council funds that we have raised, to buy resources to benefit our pupils in school. We are currently holding a vote to find out which resources each class would like us to purchase...more information to follow!

The School Council members met in late November to help plan the two Christmas Parties. We explored Christmas decorations, tasted different snack items, and made posters to display around school. The School Council members also took a slip back to class, for each class to vote on their favourite Christmas song that they wanted to be played at the party.

School Council Christmas Parties

Vote for your Christmas song, to be played at the Christmas Party!
Class: _____ Song: _____

The parties were a great success, with families generously sending in snack items for the pupils to enjoy.
