

Results from the Castle Hill School staff questionnaire. This was open to all Castle Hill School employees between 06-12/09/2023. There were 47 respondents.

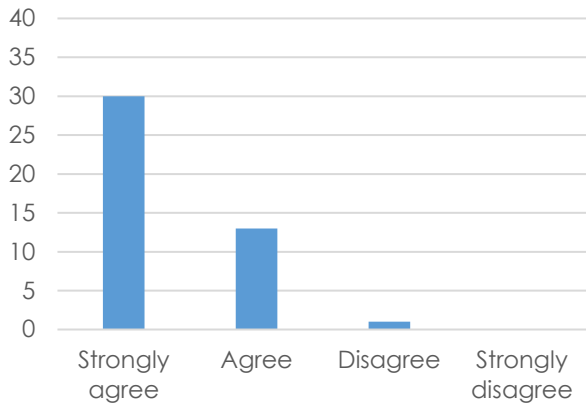

We are pleased with the overwhelmingly positive response from our staff group which we feel celebrates Castle Hill School's dedication to collaborative working.

Below are the responses for each statement, followed by a comparison with the previous years. Through these responses the Senior Leadership Team have identified actions for future development. If you would like to discuss these actions, please contact the SLT.

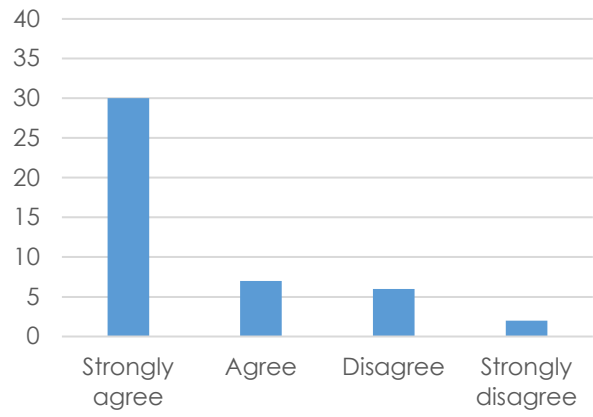

Responses to statements

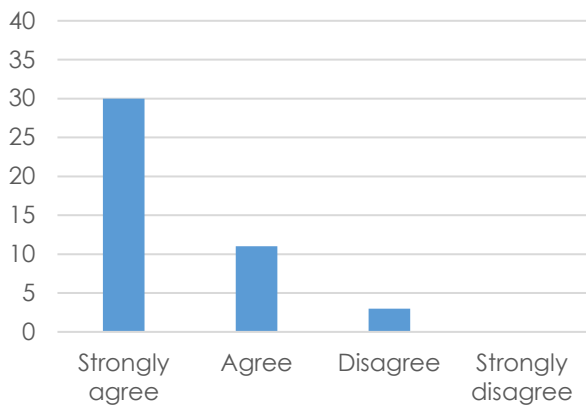

I share responsibility for assessing the learning and progress of our pupils

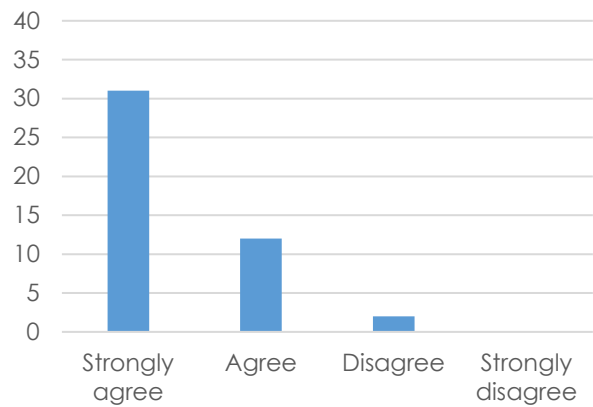

Through the professional development process I am empowered to develop my skills and practice

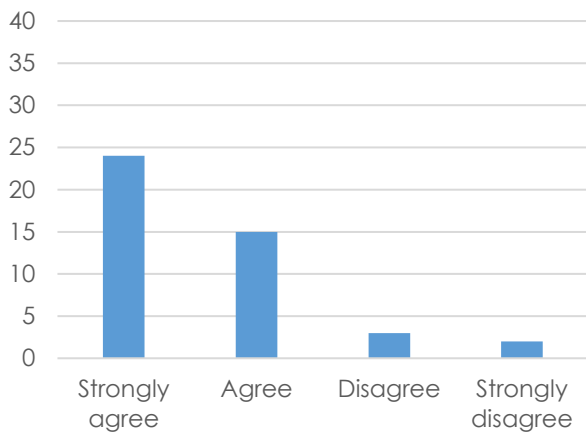

Staff consistently manage pupil behaviour using positive techniques

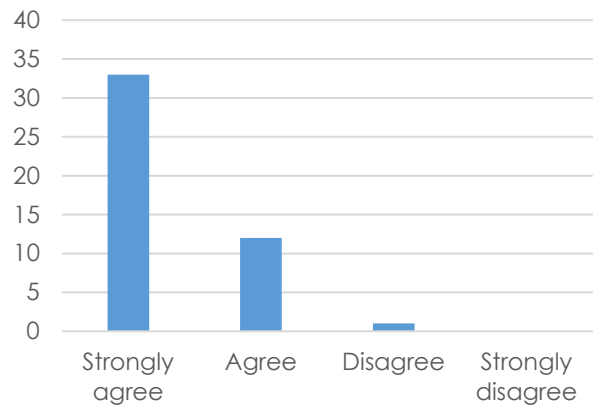

Castle Hill School provides a positive work environment

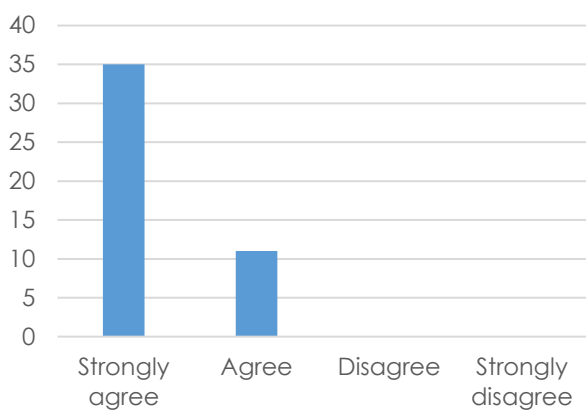

The school is considerate of my wellbeing

All pupils are challenged to make good progress
