

Welcome to our Primary phase of Castle Newnham School. We are a true community school at the heart of a thriving area of Bedford. We support all our children in having the best possible start to their educational journey for children aged 4 - 16.

We operate a stimulating, carefully planned, progressive curriculum with high expectations for all which ensures that from Reception to Year 6, children are highly engaged, love learning and reach high standards. The children benefit from a primary education across two sites. Reception to Year 4 are on the South site, on Goldington Road, with Year 5 and 6 on Polhill Avenue, across the playground from our secondary phase, all on the North site. Subject specialist teachers nurture and develop children's thirst for knowledge in a variety of subjects in partnership with our primary teachers.

We are proud to have created an inclusive environment where learning is personalised and the growth of the 'whole child' is encouraged through our excellent curricular and extracurricular offer together with our values ethos. Children and their achievements are known and celebrated throughout their primary journey.

We look forward to welcoming your child and building a relationship with you that will be nurtured throughout your child's educational journey.
