British Science Week

The children have been fully immersed in Science this week to celebrate British Science week. A particular highlight for us was welcoming parents and careers into school to join the children in a science lesson! Thank you to all those who were able to join us. The children loved sharing their learning with you all.

Parents' Evening

We are looking forward to seeing you all next week for our Spring Parents' Evening. **Monday 16th March and Wednesday 18th March.** This is an ideal opportunity to discuss how your child is getting on in school, have a look through their books and raise any questions or queries with their class teacher.

You should have received your allocated appointment time. If you have not received this, please contact the school office and we will be able to confirm the time that has been allocated.
