Part 2

Health, Safety and Welfare Policy – Organisation and Responsibility

Overall responsibility for health and safety in schools rests with the employer. Who the employer is, depends upon the type of school.

Type of School	Who is the Employer?	Comments
Academies Community Schools Community Special Schools Voluntary Controlled (VC) Schools Maintained Nursery Schools Pupil Referral Units	The Learning Partnership	Governors of schools in this category have an obligation to ensure that the TLP health and safety policy is implemented.

Regardless of anything stated above, all school Governing Bodies have health and safety responsibility as the **occupier** of the premises.

Head Teachers must make arrangements for ensuring the implementation of the health and safety policies of their employer and/or any Governing Body arrangements arising out of their health and safety responsibilities.

TLPs delegation scheme includes provision to ensure that schools meet their health and safety responsibilities and that necessary work is carried out.

Duties and responsibilities for health and safety have been assigned to Staff and Governors based upon the following roles outlined in the County Council's/TLPs Health, Safety and Welfare Policy.

Planners Headteacher, Health and Safety committee	Develop the local plans to achieve corporate/school health & safety objectives. Develop management arrangements for the identification of hazards and control of risks within their area
