They will express preference supported by reasons when asked to choose between different aspects of study, such as works of art or musical expression and discuss their reasons with others. They will ask and answer questions about belief in Christ and what the Kingdom of God means to them. They will consider their personal experiences drawing on learning about other cultures, communities, and traditions. They may express their creative or critical reflections through different mediums, such as writing, poetry, art, music, or dance.

Respond: By age 9, pupils will be invited to make connections between religious personal experiences and expressions of religious beliefs. They will have opportunities to reflect on personal learning, sharing thoughts and ideas and valuing the views and opinions of others. Pupils will spend reflective time wondering about what they have studied and thinking about positive changes they could make in their own lives, in the life of their local community, and the wider world. Pupils will be invited to respond through individual or collective prayer, singing or music, making simple connections with Christian traditions locally and globally.
