

## Maths

As mathematicians, we will use this half term to consolidate our learning from Year 3. We will revisit our calculation skills and introduce decimals to our calculations. We will develop our fractions work to include addition and subtraction of fractions and will continue to work on our x tables, ready for Year 4.

Unlocking potential together  
in faith and love.

## English

As readers and writers, we are going to explore Fantasy Stories and Explanation Texts. We will study the structure of explanation texts and will apply this to our learning in Geography. We will also explore the fantasy world created by Roald Dahl in The BFG. We will use this to develop our descriptive language and story structure.

## RE

As theologians, we will be learning about Judaism and what happens at Passover. We will also be learning about how this links to the events of the Last Supper and the Mass. We will also be finding out about Islamic beliefs.

### Year 3

#### Summer 2 Term 2025

#### How Does Your Garden Grow

## Science

As scientists, we are looking at plant growth. We will work scientifically to explore the different parts of flowering plants and what plants require to grow. We will investigate the way in which water is transported within plants. We will also explore the part that flowers play in the life-cycle of a plant.

## Geography

As geographers, we will be developing our understanding of physical geography and human geography and its impact on communities. We will be focusing our work on the Lake District and will be looking at rivers, mountains, vegetation, settlement, land use and distribution of resources.

## Curriculum Enrichment

Father's Day  
Music concert  
School Feast Day  
Celebrations  
Williamson Park Visit

## PSHE

As caring community members, we will be learning about how we form and maintain healthy relationships. We will be talking about what makes a good friend and how to resolve conflicts. We will be looking at how our actions have consequences for ourselves and others.

## Computing

As computer scientists, we are going to be learning how to use Microsoft word and Microsoft PowerPoint as well as revisiting our work from the last year.

## Music

As musicians, we will continue developing our pitch and rhythm skills.

## PE

As athletes, we are going to continue working on our striking and fielding skills and athletics

## Latin

As linguists, we will be revising the vocabulary we have learned and develop our speaking and written skills.

## Art

As artists, we will be studying the life and works of William Morris. We will be designing and making printing blocks in the style of William Morris wallpaper.

## DT

We will be preparing for the Enterprise Fair.
