CHILDREN MAKE THE MOST PROGRESS WHEN PARENTS SUPPORT THE WORK OF A SCHOOL

MATHS

- ▶ In Year Five, children should develop a good understanding of place value of whole numbers up to 1 000 000 and decimals with up to 3 decimal places.
- ▶ They become increasingly fluent at applying times tables facts and number bonds to mental and written calculations.
- ▶ They develop efficient mental and written methods for addition, subtraction, multiplication and division with whole numbers to 1 000 000 and decimals.
- ▶ They develop their ability to solve a range of problems, including problems involving fractions, decimals, measures, shapes and a range of charts and graphs.

ENGLISH

- ▶ Children's understanding and enjoyment of stories, poetry, plays and non-fiction develops. They should have a good understanding of the key layout and language features of the main text types.
- ▶ Guided reading is part of our daily timetable. In Year Five, children become increasingly independent in explaining their views about what they have read. They learn how to use evidence from the text to support a point of view and how to infer information about characters and their feelings, motives and actions.
- ▶ Children are encouraged to read independently everyday, particularly books from a series or collection by a chosen author.

RELIGIOUS EDUCATION

- ▶ In a Catholic school, RE is a core subject.
- ▶ In Year 5, we build on previous learning and develop understanding of God's covenant with Moses, the life of King David, Jesus' teachings about how to live and the Sacrament of Confirmation.
- ▶ Children develop the ability to understand links between a person's religious beliefs and their actions.
- ▶ In addition to whole school times of prayer, children in Year 5 take it in turns to prepare and lead a time of prayer in class each week.

PRAYER AND LITURGY

- ▶ Prayer is an important part of our school life. Children pray in different groupings and at different times everyday.
- ▶ In addition to whole school times of prayer, children in Year 5 take it in turns to prepare and lead a time of prayer in class each week.
- ▶ Remember to check the weekly newsletter so that you can come and join in your child's class led Celebration of the Word on a Wednesday afternoon.
- ▶ Parents and carers of any faith (or none) are welcome to join any of the prayer times and Masses advertised on the newsletter.

SCIENCE

In Year Five, the following science topics are covered:

Autumn 1 – Material properties

Autumn 2 – Materials-reversible and irreversible changes

Spring 1 – Earth and Space

Spring 2 – Forces and falling objects

Summer 1 – Life cycle changes in plants and animals

Summer 2 – Growth and development of humans

TOPICS

Autumn – ‘A Kingdom United’

Spring – ‘Inventors and Inventions’

Summer – ‘Ancient and Amazing Americas’

PE

- ▶ PE is on Monday and Fridays - children COME INTO SCHOOL in their full PE kit.
- ▶ Earrings need to be taken out on PE days.
- ▶ HAIR – hair that is shoulder length or longer should always be tied up.
- ▶ INHALERS – if your child needs an inhaler, please ensure they have a labelled, in-date inhaler in school at all times.

Instrumentation Lessons

- ▶ Lancashire music provide a specialist music teacher to teach Year 5 or Year 6 each week.
- ▶ Year 5 will start to learn to play the ukulele from Spring 2 onwards.
- ▶ The children will bring their ukulele home after each lesson; please ensure they bring it in each week.
- ▶ Encourage your children to practise each week.

ENRICHMENT

This year we are planning the following enrichment activities:

▶ **Autumn**

Lego workshop, Viking visitor and dress up day, local geography field trip

▶ **Spring**

Borwick Hall (Further information to be sent home), Inventors dress up day

▶ **Summer**

Lancaster Butterfly House visit, Lancaster University visit (hopefully)

Keeping children safe in education 2026

Statutory guidance for schools
and colleges

September 2026

Why?

KCSIE 2026 is a complete statutory guide that all schools must comply with.

It clearly outlines how schools have a statutory responsibility to keep children safe online in or out of school.

Mobile phone free schools

From **1 September 2026**, schools must follow the DfE's statutory guidance on mobile phones. This requires schools to have a policy that prohibits pupils from using or accessing mobile phones throughout the school day.

In our school, phones are only brought into school in extreme circumstances and locked away in the office. All phones that do come in must not have apps on that are not age appropriate e.g What's app.

Smartphone free childhood

**SMARTPHONE
FREE CHILDHOOD**

The group is there to support the Social media ban that the government announced recently. The collective idea is that if we can prevent young children from being given smartphones we can improve the mental health and relationships of our young people and that we stand a better chance if we act together.

Smartphone Free Childhood is now a community of over 350,000 parents working together to stand up for healthier, happier childhoods.

We've made it our mission to provide solidarity, support and solutions to parents who are struggling with what's become one of the defining parenting challenges of our time.

And we're using the voice of our community to push for more support from the government in the battle to reclaim childhood from Big Tech's addictive algorithms.

In the near future, we are looking to ban smartphones for our children who bring them to school. Buying a brick/dumb phone is a great alternative for this. Some local high schools and schools have already started this. Please use the QR code to sign up to the parent pact or to have a look.

Social Media Risks

Risks to Children

Despite the safety features, child safety organizations highlight ongoing risks, including:

Inappropriate Content:

Children may be exposed to adult or violent content through large group chats. 

Scams:

Offenders can pose as friends or family to ask for money or personal information. 

Grooming:

The platform's ability to connect users and host large groups can increase the risk of encountering predators. 

Location Sharing:

Parents should discuss safe practices around sharing live location with trusted contacts.

Digital Wellbeing

- ▶ 'Maladaptive excessive screen time behaviour in children has been recently associated, among others, with adverse physical (e.g., overweight/obesity), psychological (e.g., language delay) and social health consequences ([de Rezende et al., 2014](#); [Li et al., 2020](#); [Lissak, 2018](#)), as well as with impaired [executive functions](#) ([Zeng et al., 2021](#)).'
- ▶ Often the amount of screen time isn't the issue, WHAT children are accessing and seeing is.
- ▶ Apps are marketed at children, often gamifying every day "learning" and mimic the effect of dopamine in the brain which can lead to disengagement in other activities, reduced social time with peers and family and difficulties with sleep, attention and emotional regulation.
- ▶ **There are age limits on Apps and games for a reason. Apps marketed at children e.g. Kids YouTube, are no safer in terms of content than the regular Apps. The safest way to protect your children is to limit their access completely until they are old enough to know the safety rules.**
- ▶ We expect parents to educate themselves and be active moderators and protectors for their child's online world and screen usage.
- ▶ We are required, by safeguarding guidance, to act on children reporting that they use apps and sites underage, or if they report seeing inappropriate content for their age and stage of development.

Digital Wellbeing

“Our children are only as safe as their friend with the weakest digital rules”

- ▶ Top tips for educating yourselves and keeping our children safe:
 - ▶ Normalise asking other parents/people caring for your child what their online/screen usage rules are before play dates etc
 - ▶ Check your child's devices daily and involve them in regular discussions about safe usage of screens, devices and their online presence
 - ▶ Use school as a resources to help if you need us – we can give advice, talk to children and even look at safety settings and controls on devices with you
 - ▶ Use your own social media and internet access as a tool for learning:

Home School Online Agreement

This agreement aims to help you and your child navigate the digital world safely.

The decision to allow your child to use/access any app or website is entirely yours as their responsible adult however, the school's view remains that primary aged children should not have unsupervised access to devices with internet connections. If the school has any serious concerns about the access your child may have to certain inappropriate content, we are duty bound to refer to Children's Social Care or the Police.

We will:

We will educate all pupils on e-safety through workshops and the computing curriculum.

We will use appropriate filtering and ensure appropriate supervision when using the internet, email and other online tools.

We will assess filtering systems and operating procedures around internet use regularly.

Please note that filtering can never be completely fool proof and occasionally inappropriate materials may be accessed – these incidents will be addressed immediately and appropriately.

We will contact you if we are concerned about a pupil's online safety.

We will model appropriate online behaviour and etiquette or 'netiquette'.

Child will:

I will tell a trusted adult if something I don't like has happened online or via phone straight away.

I will take care of IT equipment.

I will report people who send nasty messages immediately.

I will not open unknown links and attachments (preventing viruses, malware and adware from infecting school and home systems).

I will behave in the same positive, friendly and responsible way online with my friends as I would on the playground.

I will not share information, passwords, photographs or other private data online without a trusted adult's permission.

Parent will:

Talk to my child about e-safety and internet usage.

Ask my child questions about how they socialise online.

Monitor screen time to support my child's well-being.

Be aware of the age rating and restrictions of apps/websites and games my child has access to.

Ensure my child does not have access to apps and websites that have age restrictions and they are only using age-appropriate media and online messaging apps/websites.

Work with the school to help educate my child about online safety.
