THE CATHEDRAL
Catholic Primary School

YEAR 6
Class Newsletter

Year 6 have had a busy but fantastic first Autumn half-term this year!

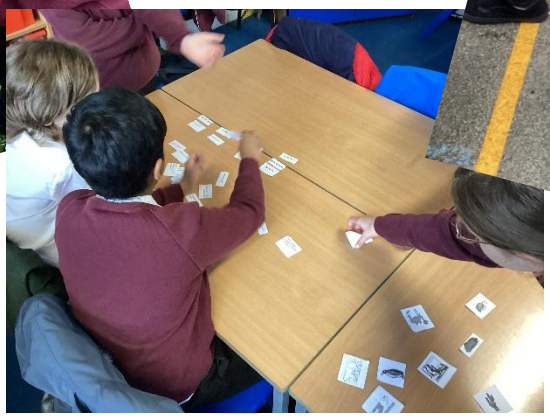

We started our term by thinking about My Happy Mind and stretching and relaxing!

We've been busy studying the 2004 Boxing Day Tsunami as we read our class novel Running Wild by Michael Morpurgo. We've also been learning all about adaptation in Science and how animals have changed to suit their environments!

We really enjoyed visiting Fairfield Nature Reserve in late September, where we explored the orchard, practised tying our knots and learnt to build shelters with our friends amongst the trees.

We've been really busy learning to code our Lego robots to battle each other, adjusting the coding and debugging to ensure victory!

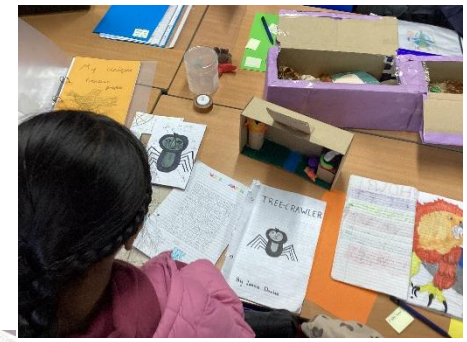

Year 6 showed just how hard they can work with their amazing Adapted Animal Exhibition - where we designed an extraordinary new beast based on our Science knowledge of adaptation and evolution.

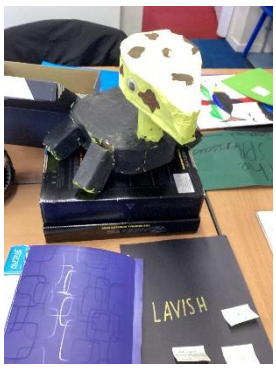

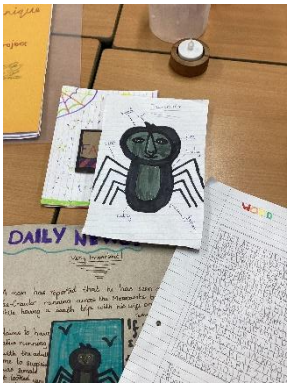

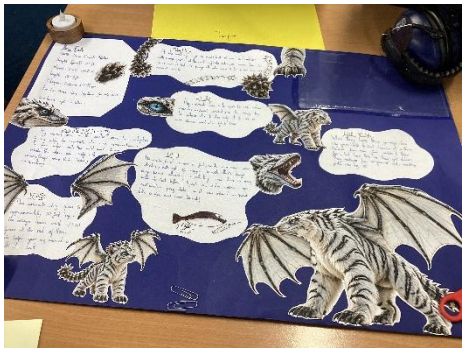

Christmas came early to Year 6 as we designed our snowman-handprint Christmas cards for the PTA. We really enjoyed singing along with Christmas carols whilst decorating our designs!

We also enhanced our writing by using the VR headsets to whisk us away to a beautiful tropical island. We learnt how to use personification, metaphor, similes and amazing alliteration!

THE CATHEDRAL Catholic Primary School

Unlocking Potential Together in Faith and Love.

We really enjoyed our Celebration of the Word, as we explored our school Mission and how we can continue it in our lives out of school.

We learnt all about Creation – reading the Second Account from the Book of Genesis.

We also thought about how to combine this with the call to look after our planet for everyone.

Year 6 took part in our Harvest Service, collecting tea and coffee to give to The Olive Branch to help those who might need it.

And we've loved Father John visiting us in Little Way Week to learn about St. Thérèse of Lisieux.
