

Maths

As mathematicians, we will be working to develop our skills in place value and number. We will be working on addition and subtraction and how to use them for problem solving. We will be working really hard this year to learn our 2, 3, 4, 5, 8 and 10 x tables. Each Monday we will work with Miss McShane to learn to tell the time.

RE

As theologians, we will be looking at our school motto and what it means to us. We will be exploring what it means to be part of God's creation and the stewardship we have of it. We will link this to our learning about the Church and the roles of people in the Church.

Geography

As geographers we will be learning about our local area. We will be looking at the physical and human features of Lancaster and how land is used in our local area. We will go on a field work walk to study land use and take pictures of different types of buildings. This will link to our art work on Lowry.

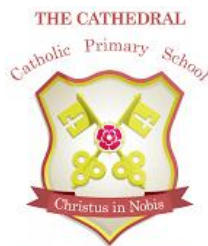

Computing

As computer scientists, we are going to be looking at route planners.

Music

As musicians, we will be developing our pitch, rhythm and note reading skills by singing and using tuned percussion.

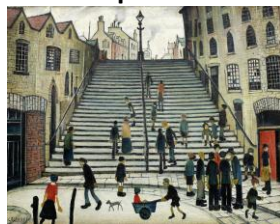

Unlocking potential together
in faith and love.

Year 3

Autumn 1 2025

There's no place like home

Curriculum Enrichment

All About Me Week

Wellbeing Day

Trip to Abbeystead Estate

Local Area Walk

PE

As athletes, we are going to be working on developing our fundamental movement skills. We will also be learning all about Net and Wall core skills. PE will be on Tuesday and Wednesday.

English

As readers and writers, we are going to explore Fables and Non-chronological reports. We will be working to develop our sentence structure and our use of descriptive noun phrases. We will continue to develop our love of reading through Guided Reading and Home Reading and will have weekly spellings to learn from Purple Mash.

Science

As scientists, we will be working scientifically to explore how our bodies move. We will be learning about skeletons and muscles and will be making observations and comparisons between our bodies and those of animals.

PSHE

As caring community members, we will be learning about how we can make safe choices online as well as exploring my happy mind.

Art

As artists, we will be learning about the life and work of L.S. Lowry. We will be exploring different types of pencil drawing and painting techniques. This will prepare us for creating our own 'Lancaster Lowry' pictures next half term.
