THE CATHEDRAL
Catholic Primary School

Reception
Class Newsletter

Reception have had a fantastic time starting school!

We've been really busy exploring our new classroom environment and making new friends.

This half term, we have been working hard on our gross and fine motor skills. We have been doing lots of climbing to help build our upper arm muscles which will help us with our writing over the year.

We had lots of fun at Williamson Park, looking for signs of Autumn and jumping in muddy puddles.

It has been so exciting to be learning our phonics and beginning to read and write words.

Our topic has been “Marvellous Me”. We’ve been learning all about our bodies and things around us including our school environment.

We've been developing out knowledge of numbers from 1-5 by visiting Numberland and exploring maths in the world around us.

We've also learnt all about the Hindu festival of Diwali which happens in the Autumn. We learnt that it is also known as the festival of lights. We even had a go at making our own Diya lamps.

THE CATHEDRAL Catholic Primary School

Unlocking Potential Together in Faith and Love.

This half term in RE, we have been learning about creation and covenant. We have learnt that God created the world and everything in it. We learnt that God created us and because of this, we need to look after our bodies.

We have also learnt that we are welcomed into God's family (the Church) by baptism. We went to the cathedral to see the font and have a look around.

We've also been lucky enough to have Father John visit us every week and talk to us about things such as the Rosary and prayer.
