

Central Lancaster High School Action Planning Group

Central Lancaster High School is one of 17 secondary schools in England and Wales working with Lancashire Mind to pilot a high-profile, exciting new way of looking after the mental health of everyone involved in school life.

We want to say a huge thank you to everyone who completed the Whole School Mental Health Survey! By completing this survey, you have gained the power to have your say and help everyone in your school community look after their mental health and wellbeing.

Lancashire Mind are now looking to develop an 'Action Planning Group' within the school, where together we will be looking at the results of the survey and taking reactions, recommendations and ideas as to how the school would like to go forward after Christmas. We want to know what you would like to see happen!

Speak to Lee Mackie on 01524 32636 or email jesshale@lancashiremind.org.uk to express your interest in being a part of Central Lancaster High School's Action Planning Group.
