22nd November 2018

Dear Parents and Carers

I am writing to inform you that the governing body have taken the decision to submit an application to the Regional Schools Commission to convert to academy status as part of The Bay Learning Trust.

Following a period of consultation, the full governing body met on Wednesday 21st November 2018 to consider the range of consultation responses and questions raised during the process.

CLHS is a vibrant school community and one which offers a truly comprehensive and inclusive education in Lancaster. The governing body are committed to ensuring that this remains at the absolute heart of our school ethos and values.

As a governing body we believe that this step gives us the best opportunity to continue to improve our school to ensure it offers not only the best educational outcomes but the best resources, curriculum and opportunities to the young people which attend our school.

Over the coming months we will keep you informed as this process progresses. In the meantime, we are very keen to develop parental engagement with the school to ensure that we keep you well informed with school progress and activities and I would welcome ideas as to how as a governing body we may do this. If you have any suggestions regarding improvements to communications from school, we would welcome them. We regularly post information to the Central Lancaster High School Facebook page and a wide range of CLHS Twitter accounts, we would encourage you to like and follow these to keep up to date with our positive school activity. If you have any ideas to share you can send them or any other concerns to school using clhs@lancasterhigh.lancs.sch.uk which is monitored daily. If you added "Ideas for improved communication" into the subject line that would really help us. In addition, the school postal address and phone number are included on this letterhead and letters may be marked for the attention of the governors or the headteacher.

Central Lancaster High School has much to celebrate and we are very proud of our students and their achievements. School life extends far beyond examination results and whilst these are of great importance to us, enabling our students to grow and develop as confident and resilient young people who are able to show commitment, contribute to their community and demonstrate creativity is very important to us. This evening we are looking forward to celebrating some of these achievements with young people and fantastic teachers who have been shortlisted for multiple awards at the Lancaster Guardian Education Awards.

Yours faithfully

Bill Deller
Chair of Governors

Headteacher:
Nicola Hall BSc, MA, NPQH
