

**Candidate name:**

**Form including House:**

This role requires;

- Commitment and use of communication skills
- Thinking skills and Creativity
- Promoting a positive Community
- Demonstrating a positive attitude and being a role model to other pupils
- Working with and supporting staff to help run House competitions

To be a successful house captain you need to be resilient and responsible, ready to face any challenge that you may be given head on. It also requires you to be able to manage your time well and be prepared to help out with things you usually might not, but most importantly you have to be able to have fun while doing it all as it is the most rewarding thing you could put yourself forward for. As being house captain opens so many doors for you in the future as it shows that you are a team player and work well with others. The role of house captain is requiring you to be committed to the school and the events that take place for example the weekly house challenges. Confidence and dedication are two key characteristics of a good house captain as you may have to speak to a large audience possibly on multiple occasions. The most important things are always being able to speak your mind about things going on in the school and your opinions is a key one; if there is something you as a student think could be improved around the school, you should definitely speak up as it might be something the teachers themselves haven't noticed yet/considered. We hope you can use this application form to express your commitment, creativity and community to your house. We wish you all the best in your application.
