

**Thursday 15<sup>th</sup> April 2021**

Dear Year 7 parents / carers

### **2021 Time Capsule**

We are thrilled to be back to teaching children face to face in our classrooms and pleased at the positive start your child has made since we reopened on 8th March. To mark the end of this lock down period and the pandemic of 2020-21 we are burying a time capsule on school grounds on 21st May. Year 7 have been the year group chosen to be involved in this project.

Our 2021 time capsule will contain the following items:

- Covid-19 Transition Journals
- 5 form group articles about their experiences of key topics of the time; finishing Year 6 early, thoughts of lockdown, wearing a face mask and the start of their secondary journey in September 2020.
- A whole year group photograph
- A disposable face mask

No pupil names will be used in any of the documents above. Pupils will not be named on the photograph however if you do not consent to your child taking part in the whole year group photograph please email Mrs Crossman or Mrs Prestwood by 12pm Monday 26th April; the photograph is scheduled to be taken on the afternoon of 26th April but will be dependent on the weather as, for health & safety purposes, the photograph will be taken outside.

Our hope is that, in the distant future, pupils of Central Lancaster High School will dig up the capsule and learn about the Covid-19 pandemic through the documented experiences of our Year 7 cohort. We hope that your child will look forward to taking part in this exciting project with us at the end of term.

Yours sincerely,

**Mrs V Crossman & Mrs B. Prestwood**  
**Key Stage 3 Progress Leader & Head of Year 7**
