Friday 17th September 2021

Finally, we've managed to go on a residential visit for the first time in nearly two years. Year 3 kicked off the first of our planned visits as they spent time at Delamere Education Centre. We know that educational visits are so important in developing independence, resilience and a range of life skills. The staff thoroughly enjoy watching the children grow in confidence and overcome challenges. We often find that children who may present as reserved in a school setting, show us a different side to them that we can further develop in the classroom.

The Year 3 children took part in a range of exciting activities that are linked to the school curriculum and gave them opportunities to apply prior learning as well as develop new skills. The centre staff were amazing at encouraging and inspiring all of the children. They thoroughly enjoyed all of the activities but one of the highlights was wild camping just like Commando Jo! Given the challenge of making a dry, safe and secure camp, the children built jungle shelters using hammocks, tarpaulins and ropes. Using their character education skills, the children focused on teamwork, communication and self-awareness in their teams. The teachers were blown away by the positive attitude and perseverance of all of the children. Another firm favourite was pond dipping and stream shuffling. Elise told us that she really loved pond dipping and caught a water beetle that her group were able to identify by following the key. Some children even managed to catch a newt and Lewis told the teachers that he would like a newt as a pet as it has now become his favourite animal!

It is not always possible for some children to attend residential visits and so we ensure that they have a wonderful experience in school whilst their class friends are away. They do not miss out on the curriculum and the teachers plan fabulous activities to give them opportunities to develop their character education skills within school. Please check out the calendar on our school website to find the dates of the other residential visits for years 4, 5 and 6. The class teachers will be organising educational trips of all year groups too that further enhance our curriculum.

Have a lovely weekend
